## Lantern ...

I picked up the Magic Lantern DVD guide when I got my D80. I found it helpful for getting up to speed on the control setup and some basic techniques with the camera itself.

*Lightning Photography with Magic Lantern: Digital ...*

Magic Lantern has a built-in Bulb Timer feature that allows you to set any time from 1 second all the way up to 8 hours, in 1 second increments. With this feature enabled, you half-

press the shutter button to automatically activate a 2-second timer, then the camera exposes the scene for the designated time you selected.

Lantern

Guides®)

*Magic Lantern*

*Guides®: Nikon F5:*

*Gunter Richter ...*

In photo mode,  
Magic Lantern  
displays shutter  
values rounded to 2  
significant digits  
(e.g. 1/50 may be  
displayed by ML as  
1/48). This is not a  
bug. In movie  
mode, shutter  
values are  
displayed with 3  
decimal places (for  
example, in PAL  
mode, Canon uses  
1/33.333 to avoid  
flicker).
