A very readable guide which fills the gap between academic analysis and less critical retellings of the myths and legends. Marytn Whittock provides an accessible overview while also assessing the current state of research regarding the origins and significance of the myths. Since all records of the myths first occur in the early medieval period, the focus is on the survival of pre-Christian mythology and the interactions of the early Christian writers with these myths. A wide-ranging and enthralling introduction to Celtic mythology, from the Irish gods before gods, the Fomorians, to the children of Llyr, the sea deity; from the hunter-warrior Fionn mac Cumhail, whose exploits are chronicled in the Fenian Cycle, to Cú Chulainn, the Hound of Ulster; and from the Welsh heroes of the Mabinogion to Arthur, King of Britain, though the mythical, Welsh version who predates the medieval legends.

Lula Cullen isn't sweet and gentle, and she's got no time for anyone's guff. Esteemed Bostonian surgeon, she's a woman with a career in a time when the very idea is laughed at. And nothing, not even her fiancé and his Brahmin family's traditional values, is going to get in her way. Until... And the West sure has a lot of folks asking for it. Upon finding Darkheart, whose peculiarities go well beyond his odd name, she unearths long-buried family secrets tied to her bloodline, secrets that ultimately led to her uncle's murder and the disappearance of her parents when she was an infant. And worse, much worse, she discovers that though she's the one hunting for the truth—she's also being hunted. Caught between a werewolf, a necromancer, and two fae queens of the Tuatha Dé Danann, Lula has to trade her scalpel for a Colt .45 and do it fast. The Fairy-Faith in Celtic Countries is a study by W. Y. Evans-Wentz, American anthropologist who studied Celtic mythology and folklore. He performed ethnographic fieldwork collecting fairy folklore in Wales, Scotland, Ireland, Cornwall, Brittany, and the Isle of Man, and in this book he published his degree thesis. His goal was to elucidate the phenomenon of the Celtic belief in fairies. Some of the theories he came across are that the fairies were a cloistered race of dwarfs, that they are a product of our imagination, or that they are incorporeal spirits.

Turns out shooting a Pinkerton is a crime—even if he is a werewolf. Book 2 in the Otherworld Outlaws series, an action-packed romp through the Wild West, loaded with living myths, dark magic, and bloodthirsty monsters aplenty. On the run from US marshals, Lula and her motley crew—Hattie, Toxicore, and Uncle Paddy, lately resurrected as a cat-head for Deadwood. Lula hopes to find Dagda's cauldron before the Morrigan or Brigid does, but sinister crows, diminutive dragons, and folks dropping dead from the unusual illness of being bled dry are just a few of the issues hindering her search. And now she has a bigger problem: her face is on every wanted poster from the Dakota Territories to Boston. Lula's uncle once told her she was as pretty as a picture, but this isn't quite the same thing. To clear her name, she would have to convince the law that magic and fairies are just as real as poker and horses. Not likely to happen. With her enemies closing in, she best find that cauldron before the law or the warring queens of the Tuatha Dé Danann find her. But finding the cauldron and taking it are two different things... especially when its monstrous ancient guardian has other ideas.
