Right after high school, Joe Goffman left

sleepy Bush Falls, Connecticut and never looked back. Then he wrote a novel savaging everything in town, a novel that became a national bestseller and a

huge hit movie. Fifteen years later, Joe is struggling to avoid the sophomore slump with his next novel when he gets a call: his father's had a stroke, so it's back to Bush

Falls for the town's most famous pariah. His brother avoids him, his former classmates beat him up, and the members of the book club just hurl their copies of *Bush Falls* at his house. But with the help of some old friends, Joe discovers that coming home isn't all bad—and that maybe the best things in life are second chances. Fans of Nick Hornby and Jennifer Weiner will love this book, by turns howling funny,

fiercely intelligent, and achingly poignant. As evidenced by *The Book of Joe*'s success in both the foreign and movie markets, Jonathan Tropper has created a compelling, incredibly resonant story.

Encyclopedia of an Ordinary Life

Penguin

"As a little boy, I had a dream that my father had taken me to the woods where there was a dead body. He buried it and told me I must never tell. It was the only thing we'd ever done together as father and son, and I promised not to tell.

But unlike most dreams, the memory of this one never left me. And sometimes...I wasn't altogether sure about one thing: was it just a dream?"

When Augusten Burroughs was small, his father was a shadowy presence in his life: a form on the stairs, a cough from the basement, a silent figure smoking a cigarette in the dark.

As Augusten grew older, something sinister within his father began to unfurl. Something dark and secretive that could not be named.

Betrayal after shocking betrayal ensued, and Augusten's childhood was over. The kind of father he wanted didn't exist for him. This father was distant, aloof, uninterested... And

then the "games" began. With <i>A Wolf at the Table</i> , Augusten Burroughs makes a quantum leap into untapped emotional terrain: the radical pendulum swing between love and hate, the unspeakably terrifying relationship between father and son. Told with scorching honesty and penetrating insight, it is a story for anyone who has ever longed for unconditional love from a parent. Though harrowing and brutal, <i>A Wolf at the Table</i> will ultimately leave you buoyed with the profound joy of simply being alive. It's a memoir of stunning psychological cruelty and the redemptive power of hope.	Publishing Corp. The mesmerizing New York Times bestseller by the author of <i>Night Film</i> Marisha Pessl's dazzling debut sparked raves from critics and heralded the arrival of a vibrant new voice in American fiction. At the center of <i>Special Topics in Calamity Physics</i> is clever, deadpan Blue van Meer, who has a head	full of literary, philosophical, scientific, and cinematic knowledge. But she could use some friends. Upon entering the elite St. Gallway School, she finds some—a clique of eccentrics known as the Bluebloods. One drowning and one hanging later, Blue finds herself puzzling out a byzantine murder mystery. Nabokov meets Donna Tartt (then invites

the rest of the Western Canon to the party) in this novel—with visual aids drawn by the author—that has won over readers of all ages. The Double Tongue Macmillan She set men's hearts on fire and scandalized a country. An ambitious, stunning, and seductive young woman, Mary Anne finds the single most rewarding way to rise above her station: she will become the mistress to a

royal duke. In doing so, she provokes a scandal that rocks Regency England. A vivid portrait of sex, ambition, and corruption, Mary Anne is set during the Napoleonic Wars and based on Daphne du Maurier's own great-great-grandmother. "This novel catches fire."-New York Times Promise Land Grand Central Publishing Get ready for the read of your life. Never before has a single book combined awesome vans, unicorns, Billy

Joel, and erotic fiction in such a potent combination. A writing tour de force? Perhaps. A reading experience that will sear itself into your consciousness like a red-hot branding iron? Without question. Comedian and basic cable superstar Michael Ian Black unleashes the full fury of his astonishing intellect in this collection of short comic essays. My Custom Van is a no-holds-barred assault to the funny bone that will literally beat you into submission with hilarity*. How did he do it? How did he create such a fine anthology? Answer: With love. Michael opened his heart and

used the magical power of love to write more than fifty thought-provoking essays like, "Why I Used a Day-Glo Magic Marker to Color My Dick Yellow," and "An Open Letter to the Hair Stylist Who Somehow Convinced Me to Get a Perm When I Was in Sixth Grade." Maybe you think love is not a substitute for "good writing skills" and "spell check." Bull pucky! When it comes to writing books, love is the most powerful word processor of all. Sounds pretty great, right? And yet...something is still holding you back from paying the full

purchase price of this book. What is it? Perhaps you secretly believe you do not deserve a book this good. Nonsense -- you deserve this book and so much more. In fact, if Michael could have written you all the stars in the sky, that's what he would have done. But he couldn't do that, due to his lack of knowledge in the area of astronomy. So he wrote this book instead. And this flap copy. Enjoy. * Michael Ian Black is not responsible for any actual injuries caused by reading this book. This Is How Penguin "I could make up a story to cover the

last eight years, but the scars on my arms told the truth. So did the ones on my ankles, the skin between my toes, even the veins that had burst on my breasts. Did my battle wounds really prove I was a survivor? Or was I too damaged to be glued back together?" Nicole had only one skyline to remind her of the freedom she'd lost—a tattoo of inked buildings, crisscrossed by scars. Heroin had owned her, replaced everyone and everything she'd once loved. The past was supposed to be behind her...but it wasn't. Two men love her; one fills a void, and the other

<p>gives her hope of a future. Will love find a way to help her sing a lullaby to addiction, or will her scars be her final good-bye?</p> <p>A Year of Marvellous Ways</p> <p>Marni Mann</p> <p>This is a true story of a horrific paedophile ring that led to the murder of a young girl and a survivor to tell the story. I had to let the world know the truth, as it ate away inside me like venom from a poisonous snake. My family and friends knew a completely different person, as I was really a great actress on and off stage and still can be today. It is about a young, innocent child with a</p>	<p>life of such horrendous abuse. This book is certainly not for the weak, or the faint of heart, and it is all true, not elaborated in any way. It's sad and cruel, but there is some humour amongst the story. I do hope you enjoy or, better still, identify with this book.</p> <p>Running with Scissors</p> <p>Penguin</p> <p>The hilarious first novel by the #1 bestselling author of Running with Scissors, Dry, A Wolf at the Table, and You Better Not Cry,</p> <p>Sellelevision is Augusten Burrough's darkly funny and vastly</p>	<p>entertaining skewering of a very troubled home-shopping channel. Welcome to the world of Sellelevision, America's premier retail broadcasting network. sinister emails from a stalker. Popping pills and drinking heavily, she fails to notice that her husband is spending a lot of time with the young babysitter who lives next door. Then there's Leigh, whose affair with married Sellelevision boss Howard Toast is going nowhere until she announces their relationship on air. A blistering satire of our overcharged, scandal-obsessed world, Sellelevision is "an absolute howl . . . wicked fun" (New York Daily News). Look Me in the Eye Penguin When Michael Collins decides to become a surgeon, he is totally unprepared for the chaotic life of a resident at a major hospital. A natural overachiever, Collins' success, in college and medical school led to a surgical residency at one of the most respected medical centers in the world, the famed Mayo Clinic. But compared to his fellow residents Collins feels inadequate and unprepared. All too soon, the euphoria of beginning his career as an orthopedic resident gives way to the feeling he is a counterfeit, an imposter who has infiltrated a society of brilliant surgeons. This story of Collins' four-year surgical residency traces his rise from an eager but clueless first-year resident to accomplished Chief Resident in his final year. With unparalleled humor, he recounts the disparity between people's perceptions of a doctor's glamorous life and the real thing: a succession of run down cars that are towed to the junk yard, long weekends moonlighting at rural hospitals, a

family that grows larger every year, and a laughable income. Collins' good nature helps him over some of the rough spots but cannot spare him the harsh reality of a doctor's life. Every day he is confronted with decisions that will change people's lives-or end them-forever. A young boy's leg is mangled by a tractor: risk the boy's life to save his leg, or amputate immediately? A woman diagnosed with bone cancer injures her hip: go through a painful hip operation even though she has only months to live? Like	a jolt to the system, he is faced with the reality of suffering and death as he struggles to reconcile his idealism and aspiration to heal with the recognition of his own limitations and imperfections. Unflinching and deeply engaging, Hot Lights, Cold Steel is a humane and passionate reminder that doctors are people too. This is a gripping memoir, at times devastating, others triumphant, but always compulsively readable. Unwasted: Picador If you're fat and fail	every diet, if you're thin but can't get thin enough, if you lose your job, if your child dies, if you are diagnosed with cancer, if you always end up with exactly the wrong kind of person, if you always end up alone, if you can't get over the past, if your parents are insane and ruining your life, if you really and truly wish you were dead, if you feel like it's your destiny to be a star, if you believe life has a grudge against you, if you don't want to have sex with your spouse and don't know why, if you feel so ashamed, if you're lost in life. family in the

neighborhood. Jenna Parsons's childhood was one of block parties and barbecues, where her mother, a former beauty queen, continued her reign and her twin brother, Warren, was viewed as just another oddball kid. But as her mother's shopaholic habits intensified, and her brother's behavior became viewed as more strange than quirky, Jenna sought to distance herself from them. She is devoted to her career and her four-year-old daughter, Rose. But now, in his peculiar	way, Warren summons her back to 62 Royal Court. What she finds there--a house in disrepair, a neighborhood on tenterhooks over a rash of petty thefts, and evidence of past traumas her mother has kept hidden--will challenge Jenna as never before. But as she stands by her family, she also begins to find beauty in unexpected places, strength in unlikely people, and a future she couldn't have imagined.
