A “truly hilarious”

(Glamour), sexy, and ultimately poignant memoir about mastering the art of the “vacationship” from a writer and co-executive producer of Hulu’s *Only Murders in the Building*—now

with a new afterword “What I Was Doing While You Were Breeding is kind of like if Eat, Pray, Love were written by your funniest friend.”—Rachel Dratch
Kristin Newman spent much of her twenties and thirties buying dresses to wear to her friends’ weddings and baby showers. Not ready to settle down and in need of an escape from her fast-paced job as a sitcom writer, Kristin instead traveled the world, often alone, for several weeks each year. In addition to falling madly in love with the planet, Kristin

fell for many attractive locals, men who could provide the emotional connection she wanted without costing her the freedom she desperately needed. Kristin introduces readers to the Israeli bartenders, Finnish poker players, sexy Bedouins, and Argentinean priests who helped her transform into “Kristin-Adjacent” on the road—a slower, softer, and, yes, sluttier version of herself at home. Equal parts laugh-out-loud storytelling, candid reflection, and wanderlust-inspiring travel tales, *What I Was Doing*

While You Were Breeding is a compelling debut that will have readers rushing to renew their passports.

There is no such thing as an alcoholic and there is no such disease as alcoholism! (as society understands it). Whether you agree with this statement or not, one thing is for sure, you will never see alcohol in the same light ever again after reading this book. Jason Vale takes an honest and hard hitting look at people's conceptions of our most widely consumed drug. Jason's major argument is there is no such thing as an 'alcoholic' and that we are conditioned to accept alcohol as a

'normal' substance in today's society despite the fact that it is the major cause of many of today's social problems and a wide range of health issues. This book is much more than a simple eye opener, it will: change the way you see alcohol forever; show you how to stop drinking; help you enjoy the process and enjoy your life so much more than you do now without having to drink alcohol. So open your mind and take a journey with Jason to explore the myths about the most used and accepted drug addiction in the world!

This bestselling memoir from

a seasoned New York City reporter is "a vivid report of a journey to the edge of self-destruction" (New York Times). !--StartFragment-- As a child during the Depression and World War II, Pete Hamill learned early that drinking was an essential part of being a man, inseparable from the rituals of celebration, mourning, friendship, romance, and religion. Only later did he discover its ability to destroy any writer's most valuable tools: clarity, consciousness, memory. In *A Drinking Life*, Hamill explains

how alcohol slowly became a part of his life, and how he ultimately left it behind. Along the way, he summons the mood of an America that is gone forever, with the bittersweet fondness of a lifelong New Yorker. !--EndFr

You Better Not Cry Picador The New York Times restaurant critic's heartbreaking and hilarious account of how he learned to love food just enough Frank Bruni was born round. Round as in stout, chubby, and always hungry. His relationship with eating was difficult and his struggle with it began early. When named the restaurant critic for The New York Times in 2004, he knew he would be performing one of the most watched tasks in the epicurean universe. And with food his friend and enemy both, his

jitters focused primarily on whether he'd finally made some sense of that relationship. A captivating story of his unpredictable journalistic odyssey as well as his lifelong love-hate affair with food, Born Round will speak to everyone who's ever had to rein in an appetite to avoid letting out a waistband.

Right after high school, Joe Goffman left sleepy Bush Falls, Connecticut and never looked back. Then he wrote a novel savaging everything in town, a

novel that became a national bestseller and a huge hit movie. Fifteen years later, Joe is struggling to avoid the sophomore slump with his next novel when he gets a call: his father's had a stroke, so it's back to Bush Falls for the town's most famous pariah. His brother avoids him, his former classmates beat him up, and the members of the book club just hurl their copies of Bush Falls at his house. But with the help of some old friends, Joe discovers that coming home isn't all bad—and that maybe the best things in life are second chances. Fans of Nick Hornby and Jennifer Weiner will

love this book, by turns howling funny, fiercely intelligent, and achingly poignant. As evidenced by The Book of Joe's success in both the foreign and movie markets, Jonathan Tropper has created a compelling, incredibly resonant story.

In this lush, magical, queer, and feminist take on Hamlet in modern-day New York City, a neuro-atypical physicist, along with his best friend Horatio and artist ex-fiancé, Lia, are caught up in the otherworldly events surrounding the death of his father. Meet Ben Dane: brilliant,

devastating, devoted, honest to a fault (truly, a fault). His Broadway theater baron father is dead—but on purpose or by accident? The question rips him apart. Unable to face alone his mother's ghastly remarriage to his uncle, Ben turns to his dearest friend, Horatio Patel, whom he hasn't seen since their relationship changed forever from platonic to something...other. Loyal to a fault (truly, a fault), Horatio is on the first flight to New York City when he finds himself next to a sly tailor who portends inevitable disaster. And who seems ominously like an architect of

mayhem himself. Meanwhile, Ben's ex-fiancé, Lia, sundered her from her loved ones thanks to her addiction recovery and torn from her art, has been drawn into the fold of three florists from New Orleans—seemingly ageless sisters who teach her the language of flowers, and whose magical bouquets hold both curses and cures. For a price. On one explosive night these kinetic forces will collide, and the only possible outcome is death. But in the masterly hands of Lyndsay Faye, the story we all know has abundant surprises in store. Impish, captivating, and achingly

romantic, this is Hamlet as you've never seen it before.

Read-i-cide: The systematic killing of the love of reading, often exacerbated by the inane, mind-numbing practices found in schools. Reading is dying in our schools. Educators are

familiar with many of the factors that have contributed to the decline, poverty, second-language issues, and the ever-expanding choices of electronic entertainment. In this provocative book Readicide: How Schools are Killing Reading and What You Can Do About It, author and teacher Kelly Gallagher suggests it is time to recognize a new and significant contributor to the death of reading: our schools. Readicide, Gallagher argues that American schools are actively (though unwittingly)

furthering the decline of reading. Specifically, he contends that the standard instructional practices used in most schools are killing reading by: Valuing standardized testing over the development of lifelong readers Mandating breadth over depth in instruction Requiring students to read difficult texts without proper instructional support and insisting students focus on academic texts Ignoring the importance of developing recreational reading Losing sight of authentic instruction

in the looming shadow of political pressures Readicide provides teachers, literacy coaches, and administrators with specific steps to reverse the downward spiral in reading -; steps that will help prevent the loss of another generation of readers. The #1 New York Times bestselling memoir from Augusten Burroughs, *Running with Scissors*, now a Major Motion Picture! *Running with Scissors* is the true story of a boy whose mother (a poet with delusions of Anne Sexton) gave him away to be raised by her psychiatrist, a dead-ringer for Santa and a lunatic in the bargain. Suddenly, at age twelve, Augusten Burroughs found himself living in a dilapidated Victorian in perfect squalor. The doctor's bizarre family, a few patients, and a pedophile living in the backyard

shed completed the tableau. Here, there were no rules, there was no school. The Christmas tree stayed up until summer, and Valium was eaten like Pez. And when things got dull, there was always the vintage electroshock therapy machine under the stairs.... Running with Scissors is at turns foul and harrowing, compelling and maniacally funny. But above all, it chronicles an ordinary boy's survival under the most extraordinary circumstances. The Book of Joe Back Bay Books

Director, dancer, goodwill advocate for the United Nations: Aishwaryaa Rajinikanth Dhanush is so much more than the daughter of a legendary actor, or the wife of southern cinema's biggest star. Growing up in Bangalore and then Madras, in a household that resolutely kept out any hint of her

father's superstardom, she was a quiet, introverted child whose greatest pleasure was a visit to Marina Beach and an occasional meal out. It was not cinema but law that became a preoccupation when she started thinking about college and career - but fate, and her mother, had other plans for her. Aishwaryaa writes with disarming honesty about life as Rajinikanth's daughter, of falling in love and raising two boys with Dhanush, of fighting her own demons and finding satisfaction in a career of her choice. She reflects on the many roles a woman has to juggle at home and outside - in her case, under the watchful gaze of cameras and celebrity-watchers. Intensely personal, but

also inspirational, Aishwaryaa's memoir is an unusually frank insight into growing up in cinema-land. A playful meditation on the joys and difficulties of being a woman in this age, *Standing on an Apple Box* is as much a celebration of individual fulfilment as it is of family.

In this thought-provoking and playful short story collection, David Foster Wallace nudges at the boundaries of fiction with inimitable wit and seductive intelligence. Wallace's stories present a world where the bizarre and the banal are interwoven and where hideous men appear in many guises. Among the stories are 'The Depressed Person,' a dazzling and blackly humorous portrayal of a woman's mental state; 'Adult World,' which reveals a
