Here David Eddings' bestselling The Malloreon continues as the epic quest begins, across new lands and among strange peoples. A magnificent fantasy of men, Kings, sorcerers, and Gods caught up in a death struggle between two ancient, warring Destinies—the culmination of a seven-thousand-year war of Good and Evil. The infant son of Garion and Ce'Ndra had been foully kidnapped. Now they began the great quest to rescue the child, with the immortal Begarath the Sorcerer, his daughter Polgara the Sorceress, and inevitably the little Drasnian, Silk. Guided by the Orb of the God Aldur, their way led through the foul swamps of Nyissa, then into the lands of the Murgos. And at the end, they must face a horrible danger—to themselves and to all mankind. For the Dark Prophecy had not vanished when Garion slew the evil God Torak. Instead, it had fled to Zandramas, who was now the Child of Dark. Dark and Light still contended for mastery, and Zandramas planned to use the child in some rite and the Sardion Stone to insure that the Dark would triumph. If they could not be at that impossible place when Zandramas arrived, they would lose—forever.

Eragon and Eldest Omnibus Del Rey

While most continents float freely on the face of Mother Sea, the Land of Dhrall survives anchored by the will of the Gods. All Gods, Elder and Younger, share the people and the land of Dhrall equally. But the one place they never enter is The Wasteland: a barren and hideous wilderness ruled by the Vlagh—a god-like creature whose young are evil spawn. Now, as the Elder Gods are about to transfer their power to the Younger Gods, the Vlagh plans to take advantage of their weakened state and neutralize them, eventually conquering the world. To do so, it is breeding a terrible force borne of monsters and demons. But one ray of hope shines through the darkness: four children called the Dreamers. They alone hold the power to change the course of history...and stop the Vlagh in its quest for total world domination.

Diamond Throne Belgariad

Time was running out for Garion and his companions in their quest to recover Garion's infant son and heir. If they could not locate the Place Which Is No More, then Zandramas, the Child of Dark, would use Garion's son in a rite that would raise the Dark Prophecy to eternal dominion over the universe. Only the Seeress of Kell could reveal the site of that mysterious place - and that she could do only once Garion and Polgara had fulfilled an ancient prophecy in the mountain fastness of the Seers. Kell itself was closed to Zandramas - but her dark magic could force the knowledge she needed from one of Garion's party. She laid her traps and dispatched her foul minions, determined to claim the world for the Dark God. But Garion would let nothing stand between him and his son.

Enchanters' End Game HarperCollins UK

After two devastating defeats and the utter annihilation of two armies, the hideous Vlagh still vows to invade the land of Dhrall. A voracious insectile overmind, she can breed millions of soldiers in mere days and even evolve entire new species in just a week. At first, Dhrall's mortal defenders—a motley bunch of mercenaries, pirates, horse lords, and lone heroes like the archer Longbow—are certain they'll prevail again. Most are now battle-hardened veterans, and the natives of Dhrall are

fierce bison hunters and bear slayers, ready to fight. But while the Vlagh's past servants were giant, venomous, and mindless bugs, it has now created perfect spies: new minions with a man's appearance and intelligence. Corrupted by the agents of the Vlagh, the human tribes are soon at one another's throats. Far, far worse for mortals is the fact that the Gods can no longer be trusted. For, nearing the end of their 25,000 year cycle, the Elder Gods are doddering toward senility and dementia. And to add to mankind's plight, a strange mysterious entity is manipulating the forces in the upcoming strife and neither gods nor mortals know its true intentions. Now, beset by astonishing dire challenges, Longbow and his fellow mortals must wage a bitter war against a supernatural enemy—one that has evolved in ways they could have never imagined...

You've heard the story before: an orphaned boy, raised by a wise old man, comes to a fuller knowledge of his magic and uses it to fight the great evil threatening his world. But what if that hero were destined to become the new dark lord? The Academy of Chaenbalu has stood against magic for centuries. Hidden from the world, acting from the shadows, it trains its students to detect and retrieve magic artifacts, which it jealously guards from the misuse of others. Because magic is dangerous: something that heals can also harm, and a power that aids one person may destroy another. Of the academy's many students, only the most skilled can become avatars—warrior thieves, capable of infiltrating the most heavily guarded vaults—and only the most determined can be trusted to resist the lure of magic. More than anything, Annev de Breth wants to become one of them. But Annev carries a secret. Unlike his classmates who were stolen as infants from the capital city, Annev was born in the village of Chaenbalu, was believed to be executed, and then unknowingly raised by his parents' killers. Seventeen years later, he struggles with the burdens of a forbidden magic, a forgotten heritage, and a secret deformity. When Annev is subsequently caught between the warring ideologies of his priestly mentor and the Academy's masters, he must finally decide whether to accept the truth of who he really is ... or embrace the darker truth of what he may one day become.

The beloved Sparhawk undertakes a perilous new quest in the Tamuli series from New York Times bestselling author David Eddings. Danger stalked Queen Ehlana's realm. It began with peasants whispering that the bloody heroes of old would rise again. Soon outlaw bands were ravaging the hill country, while the Trolls disappeared from their icy northern haunts—and none could say where they had gone. Then came an ambassador from the far-off Tamul empire, begging aid. Monsters, ancient warriors, and foul magics were tearing their empire apart. Sparhawk, Ehlana's champion and Prince Consort, was the Emperor's last hope, for surely the knight who had killed the evil God Azash could prevail against the terror in Tamuli. Thus did Sparhawk and his Queen begin the perilous trek to the far-distant empire of the east. With them journeyed a handful of trusted companions: the stalwart champions of the four Militant Orders, the knight Berit, Mirtai the giantess, Princess Danae, and the young thief Talen. At the journey's end waited a glittering court seething with corruption, treachery—and the greatest danger Sparhawk would ever face!

Literary Nonfiction. Women's Studies. Environmental Studies. Today's social and ecological crises, which threaten the preservation of life on our planet, require our attention to understand the

dynamics of patriarchy and capitalism, as well as to unmask "answers" or false solutions that obscure, perpetuate, and even worsen the current situation. Ecofeminists have critically examined several of the underlying assumptions of the capitalist-patriarchal conceptual framework, such as the promotion of the destructive transformation of nature, hierarchical thinking, the encouragement of dualism, the enforcement of the logic of domination over life, even the hatred for life itself, and speciesism. Yet ecofeminism's attempts to call attention to and stop the destruction of the planet have not yet been able to tackle the growing problem of climate change, which is threatening not only life on earth, but the earth and all her "living systems." Climate change and extreme weather are exacerbating existing social inequalities and political conflicts globally. Climate justice is the starting point from which we can begin to build the kind of local and international solidarity that is needed to address climate change and transform the socio-economic hierarchies that caused it. This volume re-examines existing analyses from this new and much broader point of view in theory and practice, and points to the need for a new concept of nature and the earth as a living being, a cosmic being, so that it is the life of the earth herself that today must be protected.

Seeress of Kell Random House Digital, Inc.

David and Leigh Eddings were mythmakers and world builders of the first order. With The Redemption of Althalus, the authors of the Belgariad and Malloreon sagas created a thrilling stand-alone epic—boldly written and brilliantly imagined. It would be sheer folly to try to conceal the true nature of Althalus, for his flaws are the stuff of legend. He is, as all men know, a thief, a liar, an occasional murderer, an outrageous braggart, and a man devoid of even the slightest hint of honor. Yet of all the men in the world, it is Althalus, unrepentant rogue and scoundrel, who will become the champion of humanity in its desperate struggle against the forces of an ancient god determined to return the universe to nothingness. On his way to steal The Book from the House at the End of the World, Althalus is confronted by a cat—a cat with eyes like emeralds, the voice of a woman, and the powers of a goddess. She is Dweia, sister to The Gods and a greater thief even than Althalus. She must be: for in no time at all, she has stolen his heart. And more. She has stolen time itself. For when Althalus leaves the House at the End of the World, much wiser but not a day older than when he'd first entered it, thousands of years have gone by. But Dweia is not the only one able to manipulate time. Her evil brother shares the power, and while Dweia has been teaching Althalus the secrets of The Book, the ancient God has been using the dark magic of his own Book to rewrite history. Yet all is not lost. But only if Althalus, still a thief at heart, can bring together a ragtag group of men, women, and children with no reason to trust him or each other. Praise for The Redemption of Althalus "Highly recommended . . . Featuring a cast of engaging characters, some fanciful plot twists, and a light-hearted atmosphere that should appeal strongly to fans and first-time readers alike."—Library Journal "The story takes off. The interactions between characters, straightforward plotting, and doses of wry humor keep the tale humming."—Booklist "An engaging young reprobate

Polgara is the epic culmination of a magnificent saga, and a fitting farewell to a world which, once experienced, will never be forgotten. She soars above a world of warriors, kings, and priests. The daughter of Belgarath and the shape-shifter Poledra, she has fought wars, plotted palace coups, and worked her powerful magic for three thousand years. Now, Polgara looks back at her magnificent life, in this fitting crown jewel to the saga that is the Eddings' Belgariad and Mallorean cycles. There, she first learns the reaches of her powers. There she assumes the bird shapes that will serve her on her adventures. And there she starts on the path toward her destiny as Duchess of Erat, shepherdess of the cause of good, adversary of Torak the One-Eyed Dragon God, and guardian of the world's last, best hope: the heir to the Rivan throne. Here is the legendary life story of a woman of wit, passion, and complex emotions, a woman born of two majestic parents who could not have been more unlike one another. Ordained to make peace and make war, to gain love and lose love, Polgara lives out her family's rich prophecy in the ceaseless struggle between the Light and the Dark.
