a fitting farewell to

She soars above a
world of warriors,
kings, and priests.
The daughter of
Belgarath and the
shape-shifter Poledra,

she has fought wars, plotted palace coups, and worked her powerful magic for three thousand years. Now, Polgara looks back at her magnificent life, in this fitting crown jewel to the saga that is the Eddings' Belgariad and Mallorean cycles. Her hair streaked white by her father's first touch, her mind guided by a mother she will not see again for centuries, Polgara begins life in her Uncle Beldin's tower, and in the prehistorical, magical Tree that stands in the middle of the Vale. There, she first learns the reaches of her powers. There she assumes the bird shape that will serve her on her adventures. And there she starts on the path toward her destiny as Duchess of Erat, shepherdess of the cause of good, adversary of Torak the One-Eyed Dragon God, and guardian of the world's last, best hope: the heir to the Rivan throne. Here is the legendary life story of a woman of wit, passion, and complex emotions, a woman born of two majestic parents who could not have been more unlike one another. Ordained to make peace and make war, to gain love and lose love, Polgara lives out her family's rich prophecy in the ceaseless struggle between the Light and the Dark.

PIER'S ANTHONY The master Sorcerer Belgarath and his daughter Polgara the arch-Sorceress were on the trail of the Orb, seeking to regain its saving power before the final disaster prophesized by the legends. And with them went Garion, a simple farm boy only months before, but now the focus of the struggle. He had never believed in sorcery and wanted no part of it. Yet with every league they traveled, the power grew in him, forcing him to acts of wizardry he could not accept.

Regina's Song Del Rey Literary Nonfiction. Women's Studies. Environmental Studies. Today's social and ecological crises, which threaten the preservation of life on our planet, require our attention to understand the dynamics of patriarchy and capitalism, as well as to unmask "answers" or false solutions that obscure, perpetuate,

and even worsen the current situation. Ecofeminists have critically examined several of the underlying assumptions of the capitalist-patriarchal conceptual framework, such as the promotion of the destructive transformation of nature, hierarchical thinking, the encouragement of dualism, the enforcement of the logic of domination over life, even the hatred for life itself, and speciecism. Yet ecofeminism's attempts to call attention to and stop the destruction of the planet have not yet been able to tackle the growing problem of climate change, which is threatening not only life on earth, but the earth and all her "living systems." Climate change and extreme weather are exacerbating existing social inequalities and political conflicts globally. Climate justice is the starting point from which we can begin to build the kind of local and international solidarity that is needed to address climate change and transform the socio-economic hierarchies that caused it. This volume re-examines existing analyses from this new and much broader point of

view in theory and practise, and points to the need for a new concept of nature and the earth as a living being, a cosmic being, so that it is the life of the earth herself that today must be protected.

With The Redemption of Althalus, the authors of the Belgariad and Malloreon sagas created a thrilling stand-alone

epic—boldly written and brilliantly imagined. It would be sheer folly to try to conceal the true nature of Althalus, for his flaws are the stuff of legend. He is, as all men know, a thief, a liar, an occasional murderer, an outrageous braggart, and a man devoid of even the slightest hint of honor. Yet of all the men in the world, it is Althalus, unrepentant rogue and scoundrel, who will become the champion of humanity in its desperate struggle against the forces of an ancient god determined to return the universe to nothingness. On his way to steal The Book from the House at the End of the World, Althalus is confronted by a cat—a cat with eyes like emeralds, the voice of a woman, and the powers of a goddess. She is
