Sparhawk and his companions set forth to find King Sarak's grave by raising ghosts of those who had perished in that ancient battle. The Seeker, an insectile monster spawned of the evil God Azash, hounded their every step. Still Sparkawk pressed on, driven by desperate need. They had to find Bhellion before his queen could perish. They must not fail!

How to Sell Yourself HarperCollins UK

Bestselling authors David and Leigh Eddings welcome readers back to the time before *The Belgariad* and *The Malloreon* series. Join them as they chronicle that fateful conflict between two mortally opposed Destinies, in a monumental war of men and kings and Gods. When the world was young and Gods still walked among their mortal children, a headstrong orphan boy set out to explore the world. Thus began the extraordinary adventures that would mold that youthful vagabond into a man, and the man into the finely honed instrument of Prophecy known to all the

world as Belgarath the Sorcerer. Then came the dark day when the Dark God Torak split the world asunder, and the God Aldur and his disciples began their monumental labor to set Destiny aright. Foremost among their number was Belgarath. His ceaseless devotion was foredoomed to cost him that which he held most dear—even as his loyal service would extend through echoing centuries of loss, of struggle, and of ultimate triumph.

Belgarath the Sorcerer and Polgara the Sorceress: 2-Book Collection Ballantine Books

You've heard the story before: an orphaned boy, raised by a wise old man, comes to a fuller knowledge of his magic and uses it to fight the great evil threatening his world. But what if that hero were destined to become the new dark lord? The Academy of Chaenbalu has stood against magic for centuries. Hidden from the world, acting from the shadows, it trains its students to detect and retrieve magic artifacts, which it jealously guards from the misuse of others. Because magic is dangerous: something that heals can also harm, and a power that aids one person may destroy another. Of the academy's many students, only the most skilled can become avatars—warrior thieves, capable of infiltrating the most heavily guarded vaults—and only the most determined can be trusted to resist the lure of magic. More than anything, Annev de Breth wants to become one of them. But Annev carries a secret. Unlike his classmates who were stolen as infants from the capital city, Annev was born in the village of Chaenbalu, was believed to be executed, and then unknowingly raised by his parents' killers.

Seventeen years later, he struggles with the burdens of a forbidden magic, a forgotten heritage, and a secret deformity. When Annev is subsequently caught between the warring ideologies of his priestly mentor and the Academy's masters, he must finally decide whether to accept the truth of who he really is ... or embrace the darker truth of what he may one day become.

Literary Nonfiction. Women's Studies. Environmental Studies. Today's social and ecological crises, which threaten the preservation of life on our planet, require our attention to understand the dynamics of patriarchy and capitalism, as well as to unmask "answers" or false solutions that obscure, perpetuate, and even worsen the current situation. Ecofeminists have critically examined several of the underlying assumptions of the capitalist-patriarchal conceptual framework, such as the promotion of the destructive transformation of nature, hierarchical thinking, the encouragement of dualism, the enforcement of the logic of domination over life, even the hatred for life itself, and speciesism. Yet ecofeminism's attempts to call attention to and stop the destruction of the planet have not yet been able to tackle the growing problem of climate change, which is threatening not only life on earth, but the earth and all her "living systems." Climate change and extreme weather are exacerbating existing social inequalities and political conflicts globally. Climate justice is the starting point from which we can begin to build the kind of local and international solidarity that is needed to address climate change and transform the socio-economic hierarchies that caused it. This volume re-examines existing analyses from this new and much broader point of view in theory and practise, and points to the need for a new concept of nature and the earth as a living being, a cosmic being, so that it is the life of the earth herself that today must be protected.

The Redemption of Althalus Tessa Dare

NEW YORK TIMES BESTSELLER • Sparhawk's legendary journey continues in Book Two of The Tamuli. Years past, the Child-Goddess Aphrael had hidden Bhelliom, the Stone of Power. It rested at the very bottom of the deepest ocean, that nevermore should its awesome power sing temptation to mortal men. Then a menace arose, a malign force wielding incomprehensible destruction across all the lands. To halt that force of evil, Sparhawk, knight and queen's champion, set out to retrieve the sapphire rose from its briny sleep—even as his foes sought the gem for their own diabolical ends. Sparhawk and his loyal companions must find the Stone and safeguard it, both from those who sought to steal it and from the horrors those evildoers had already loosed upon the world. The most feared of all the monsters that terrorized Tamuli were the Shining Ones: dreaded, glowing beings whose mere touch could melt human flesh from bone. All too soon, Sparhawk and his companions found themselves stalked by those fell creatures out of myth. For the Shining Ones, too, had designs on Bhelliom—designs that would change the very shape of the world. . . .

Pawn of Prophecy Hachette UK

David and Leigh Eddings were mythmakers and world builders of the first order. With The Redemption of Althalus, the authors of the Belgariad and Malloreon sagas created a thrilling stand-alone epic—boldly written and

brilliantly imagined. It would be sheer folly to try to conceal the true nature of Althalus, for his flaws are the stuff of legend. He is, as all men know, a thief, a liar, an occasional murderer, an outrageous braggart, and a man devoid of even the slightest hint of honor. Yet of all the men in the world, it is Althalus, unrepentant rogue and scoundrel, who will become the champion of humanity in its desperate struggle against the forces of an ancient god determined to return the universe to nothingness. On his way to steal The Book from the House at the End of the World, Althalus is confronted by a cat--a cat with eyes like emeralds, the voice of a woman, and the powers of a goddess. She is Dweia, sister to The Gods and a greater thief even than Althalus. She must be: for in no time at all, she has stolen his heart. And more. She has stolen time itself. For when Althalus leaves the House at the End of the World, much wiser but not a day older than when he'd first entered it, thousands of years have gone by. But Dweia is not the only one able to manipulate time. Her evil brother shares the power, and while Dweia has been teaching Althalus the secrets of The Book, the ancient God has been using the dark magic of his own Book to rewrite history. Yet all is not lost. But only if Althalus, still a thief at heart, can bring together a ragtag group of men, women, and children with no reason to trust him or each other. Praise for *The Redemption of Althalus* "Highly recommended . . . Featuring a cast of engaging characters, some fanciful plot twists, and a light-hearted atmosphere that should appeal strongly to fans and first-time readers alike."--Library Journal "The story takes off. The interactions between characters, straightforward plotting, and doses of wry humor keep the tale humming."--Booklist "An engaging young reprobate hero . . . [A] magical realm of good-natured fun."--Publishers Weekly "A compelling, involving story."--Science Fiction Chronicle
