The Symphonic Poem in Britain
1850-1950 aims to raise the status
of the genre generally and in
Britain specifically. The volume
reaffirms British composers'
confidence in dealing with literary
texts and takes advantage of the
contributors' interdisciplinary

expertise by situating discussions of
the tone poem in Britain in a variety
of historical, analytical and cultural
contexts. This book highlights some
of the continental models that
influenced British composers, and
identifies a range of issues related
to perceptions of the genre. Richard
Strauss became an important figure
in Britain during this time, not only
in terms of the clear impact of his
tone poems, but the debates over
their value and even their ethics. A
focus on French orchestral music in
Britain represents a welcome
addition to scholarly debate, and
links to issues in several other
chapters. The historical
development of the genre, the
impact of compositional models,
issues highlighted in critical
reception as well as programming
strategies all contribute to a richer
understanding of the symphonic
poem in Britain. Works by British
composers discussed in more detail
include William Wallace's Villon
(1909), Gustav Holst's Beni
Mora(1909-10), Hubert Parry's
From Death to Life (1914), John
Ireland's Mai-Dun (1921), and
Frank Bridge's orchestral 'poems'
(1903-15).

This harrowing tale of a young girl in the
slums is a searing portrayal of turn-of-
the-century New York, and Stephen
Crane's most innovative work. When
published, it broke new ground with its
vivid characters, its brutal naturalism,
and its empathic rendering of the lives of
the poor. It remains both powerful,
severe, and harshly comic (in Alfred
Kazin's words) and a masterpiece of
modern American prose. This edition
includes Maggie and George's Mother,
Crane's other Bowery tales, and the most
comprehensive available selection of
Crane's New York journalism. A very little
boy stood upon a heap of gravel for the
honor of Rum Alley. He was throwing
stones at howling urchins from Devil's

Row who were circling madly about the heap and pelting at him. His infantile countenance was livid with fury. His small body was writhing in the delivery of great, crimson oaths. "Run, Jimmie, run! Dey'll get ye," screamed a retreating Rum Alley child. "Naw," responded Jimmie with a valiant roar, "dese micks can't make me run." Howls of renewed wrath went up from Devil's Row throats. Tattered gamins on the right made a furious assault on the gravel heap. On their small, convulsed faces there shone the grins of true assassins. As they charged, they threw stones and cursed in shrill chorus. The little champion of Rum Alley stumbled precipitately down the other side. His coat had been torn to shreds in a scuffle, and his hat was gone. He had bruises on twenty parts of his body, and blood was dripping from a cut in his head. His wan features wore a look of a tiny, insane demon. On the ground, children from Devil's Row closed in on their antagonist. He crooked his left arm defensively about his head and fought with cursing fury. The little boys ran to and fro, dodging, hurling stones and swearing in barbaric trebles. From a window of an apartment house that upreared its form from amid squat, ignorant stables, there leaned a curious woman. Some laborers, unloading a scow at a dock at the river, paused for a moment and regarded the fight. The engineer of a passive tugboat hung lazily to a railing and watched. Over on the Island, a worm of yellow convicts came from the shadow of a building and crawled slowly along the river's bank. A stone had smashed into Jimmie's mouth. Blood was bubbling over his chin and down upon his ragged shirt. Tears made furrows on his dirt-stained cheeks. His thin legs had begun to tremble and turn weak, causing his small body to reel. His roaring curses of the first part of the fight had changed to a blasphemous chatter. In the yells of the whirling mob of Devil's Row children there were notes of joy like songs of triumphant savagery. The little boys seemed to leer gloatingly at the blood upon the other child's face.

"In 1980 Lucy Lippard argued that feminist art is "neither a style nor a movement" but rather "a value system, a revolutionary strategy, a way of life." New Time: Art and Feminisms in the Twenty-First Century takes Lippard's statement as a point of departure, examining the values, strategies, and ways of life reflected in recent feminist art.

Although artworks made since 2000 are the primary focus, the objects and installations discussed span several generations, mediums, geographies, and political sensibilities, conveying the heterogeneous, intergenerational, and gender-fluid nature of feminist practices. In keeping with Griselda Pollock's observation that "feminism is a historical project and thus is itself constantly shaped and remodelled in relation to the living process of women's struggles," New Time argues that feminist art in the twenty-first century encompasses myriad issues and perspectives and therefore cannot be reduced to a single subject, style, or agenda. It further reflects the forms of resistance that are constantly emerging in response to developments in politics and society. This richly illustrated volume

presents works by more than seventy artists and collectives, including Laura Aguilar, Louise Bourgeois, Andrea Bowers, Judy Chicago, Ellen Gallagher, Luchita Hurtado, Lynn Hershman Leeson, Kalup Linzy, Goshka Macuga, Mai-Thu Perret, Carol Rama, Kiki Smith, Sturtevant, and Kara Walker. It examines their work through themes such as the problematic stereotypes associated with hysteria; the gendered gaze; the revisitation of historical subjects through a feminist lens; fragmented representations of the female body; shifting categories of gender; activism, domesticity, and labor; female anger; and feminist utopias"--

Disney Books for Young Readers From the Pulitzer Prize-winning author of Battle Cry of Freedom—an impressive scholarly tour de force and a lively, highly accessible account of the sentiments of both Northern and Southern soldiers during the national trauma of the Civil War. In Battle Cry Of Freedom, James M. McPherson presented a fascinating, concise general history of the defining American conflict. With What They Fought For, he focuses his considerable talents on what motivated the individual soldier to fight. In an exceptional and highly original Civil War analysis, McPherson draws on the letters and diaries of nearly one thousand Union and Confederate soldiers, giving voice to the very men who risked their lives in the conflict. His conclusion that most of them felt a keen sense of patriotic and ideological commitment counters the prevailing belief that Civil War soldiers had little or no idea of what they were fighting for. In their letters home and their diaries--neither of which were subject to censorship—these men were able to comment, in writing, on a wide variety of issues connected with their war experience. Their insights show how deeply felt and strongly held their convictions were and reveal far more careful thought on the ideological issues of the war than has previously been thought to be true. Living only eighty years after the signing of the Declaration of Independence, Civil War soldiers felt the legacy and responsibility entrusted to them by the Founding Fathers to preserve fragile democracy—be it through secession or union—as something worth dying for. In What They Fought For, McPherson takes individual voices and places them in the great and terrible choir of a country divided

against itself.
