The Matchmaker Wore Mars Yellow FaithWords

The sweetest song comes from a forgiving heart. —Whinburg Township Amish proverb The summer Simon Yoder broke her heart was the summer Cora Swarey lost her ability to hear the music in Colorado's high country. She thought God had brought them together, but when Simon dropped her to pursue an Englisch woman, she wondered how she'd ever trust again. Yes, he came back asking forgiveness, and she gave it because that was what she'd been taught. But she never forgot. It was almost a relief to know she'd never see him again. Until she is invited to a wedding in Whinburg Township, Pennsylvania. Cora is the only woman Simon Yoder has ever wanted, but because of his own pride and conceit, she is out of his reach forever. So at his aunt's wedding, it's a more than a shock to see his biggest regret walk in with the other young women. God may be giving him another chance, but he's pretty certain Cora won't. Words don't hold much value, so he lays out a plan of action. He knows that music is the key. Can he help her find the music again? And if he succeeds, how can he show her that she's the one who makes his heart sing?

The Case for Marriage FaithWords

Book 7 in the Magnificent Devices steampunk series! Will a daring rescue put a wedding and a future at risk? Lady Claire Trevelyan and renowned scientist Andrew Malvern are looking forward to domestic felicity in London—until a desperate and fugitive Alice Chalmers turns up seeking help. Her ship has been seized in the Duchy of Venice and worse, her navigator Jake has been thrown into the dreaded underwater prison from which no one ever escapes. Even the innocent. Lady Claire is about to embark on her career in Munich at the Zeppelin Airship Works. The Mopsies are beginning their final year at school. Andrew

Malvern begins to despair of his fiancée ever choosing a wedding gown. But when help is denied from official quarters, the close bonds of friendship and shared adventure demand that they set sail in the airship Athena. There is a brooding evil waiting for them in Venice ... an evil that would put an end to the flock's interference once and for all. With an innocent friend's unexpected return and a pair of secret agents who don't want their help ... the situation clearly calls for the inner resources of a lady of integrity. "It's another element I love about these books; from Claire to Gloria to Alice to Lizzie and Maggie to Lady Dunsmuir, the women in this series generally like and respect each other. Other women are not required to be lesser—weaker, more cowardly, less intelligent—in order for Claire to be awesome. She is not an exceptional woman, she is an awesome woman among awesome women." —Fangs for the Fantasy, on A Lady of Integrity

Napoleon is determined to conquer the world with his steam-powered weapons. Nothing in England can stop him ... except two young lady inventors. "Witty and whimsical." --Booklist In 1819, France is surrounded by armies. With Russia in the north, the Karlsruhe Confederacy in the east, and a pirate kingdom in the south, Napoleon cannot break out, nor can the English Navy seem to break in. Europe teeters on the edge of a sword. Whichever side rules the air will win. Celeste Blanchard, daughter of the Emperor ' s disgraced Air Minister, is running out of time to develop an air ship that can carry his armies to England and restore her mother to glory. But on a daring and desperate test flight, she is blown off course ... and washes up, half drowned, on the shores of Cornwall, in the heart of enemy territory. Loveday Penhale, cosseted daughter of gentry, has her own inventions to build, even as pressure mounts to behave like a proper young lady and seek a husband instead of a design for a high-pressure steam engine. But when Arthur Trevelyan, heir to the neighboring estate, Gwynn Place, asks for her help in rescuing an unconscious young woman on the beach, Loveday discovers an aeronaut and an inventor as skilled as she is. Between them, a friendship blossoms, and Loveday wonders if they might even pull off the impossible and invent an air ship that will catch the eye of the Tinkering Prince Regent, who has offered a prize to anyone who can help England break the impasse. Celeste ' s loyalties are torn in two. If she is caught working secretly for France, she will lose her friend, the love of an honorable man—and her life. But if Napoleon learns she has betrayed him, she will be executed on sight. Can friendship prevail in the face of war? Or is there a third solution—one where everything hinges on the bravery and daring of a Cornish debutante and the Emperor ' s aeronaut? Enjoy this first book in a trilogy featuring

A groundbreaking look at marriage, one of the most basic and universal of all human institutions, which reveals the emotional, physical, economic, and sexual benefits that marriage brings to individuals and society as a whole. The Case for Marriage is a critically important intervention in the national debate about the future of family. Based on the authoritative research of family sociologist Linda J. Waite, journalist Maggie Gallagher, and a number of other scholars, this book's findings dramatically contradict the anti-marriage myths that have become the common sense of most Americans. Today a broad consensus holds that marriage is a bad deal for women, that divorce is better for children when parents are unhappy, and that marriage is essentially a private choice, not a public institution. Waite and Gallagher flatly contradict these assumptions, arguing instead that by a broad range of indices, marriage is actually better for you than being single or divorced— physically, materially, and spiritually. They contend that married people live longer, have better health, earn more money, accumulate more wealth, feel more fulfillment in their lives, enjoy more satisfying sexual relationships, and have happier and more successful children than those who remain single, cohabit, or get divorced. The Case for Marriage combines clearheaded analysis, penetrating cultural criticism, and practical advice for strengthening the institution of marriage, and provides clear, essential guidelines for reestablishing marriage as the foundation for a healthy and happy society. "A compelling defense of a sacred union. The Case for Marriage is well written and well argued, empirically rigorous and learned, practical and commonsensical." -- William J. Bennett, author of The Book of Virtues "Makes the absolutely critical point that marriage has been misrepresented and misunderstood." -- The Wall Street Journal www.broadwaybooks.com

"In the lowly place of prayer, God can lift you up to the highest mountain." -Whinburg Township Amish proverb A Colorado dude ranch is the last place that homebody Amanda Yoder would believe God wants her. But the owners have once again hired a group of Amish young people for the summer, and despite her shyness and fear of change, Amanda feels led to go with them. Hannah Riehl has been living with her Amish family, recovering from the trauma of finding out she was kidnapped away from them as a child. But when a girl still has purple hair and a bit of an attitude, it's hard to decide which world to live in. In Colorado, maybe she'll be able to make up her mind-and heart-to learn the Amish ways for herself, or to leave them for an Englisch life. Once Amanda and her friends reach Colorado, it soon becomes clear that their hard work and honesty aren't the only things the ranch owners want. Along with making beds and wrangling horses, the Amish staff are being used as part of the owners' advertising to attract more tourists. Worse, it seems the Amish are being actively targeted by someone in the community-and suspected of poaching wild game. Amanda and Hannah need to hold their faith closer than ever-and the way to regain their own reputations as well as that of their new Amish friends might just be found on the highest mountain. "In this first book of a new series, Senft, a prolific author of 36 books, has crafted an appealing tale of searching for one's true identity. There is also an interesting study of the two mothers and how they have coped-one with her loss, the other with her guilt, and the role of faith in that process." -BookLife on The Longest Road

When Sophia's uncle is found dead in the barn with his throat slashed and bitten, the community grieves-except Sophia, who has been abused by him for years. And when the local mean girl is killed the same way, Sophia hardly dares to voice what she suspects: that only the worst among them are being weeded out. Amish widow Sarah Yoder has been struggling to raise her two teenaged sons and provide a home where family and members of her Old Order Amish church can find fellowship and friendship. Though she is close to her in-laws, lately it feels like her relationship with her boys is splintering. Her stepson Simon wants to move out west with his cousins to find work. And her youngest, Caleb, is spending far too much time over at the tumbledown home of a man who left the church long ago. Henry Byler only returned recently to Willow Creek when he inherited the family farm--under protest--and now seems caught in a struggle between the faith of his childhood and the world he's come to know. Ruth Lehman, the local Dokterfraa, believes Sarah should use her gift for growing plants to become an herbal healer, too. Sarah is reluctant, however, uncertain if caring for others will take her away from her family--the place where she believes God wants her. But when she feels called to help members of her community, she soon discovers that the heart can be scarred as deeply as the body. As she compiles her herbs, she waits for God to do his healing work in a man who rues a harsh decision, in a lonely prodigal who has lost everything, and maybe even in a herbalist-in-training who firmly believes she will never love again. Dante Alighieri and John Milton, two composers of vernacular epic poems, undoubtedly hold prominent positions in the literary canons of Italy and England respectively. Both authors have been made into universally important icons deeply engrained in the world's cultural memory; their importance, however, extends vastly beyond their mere literary and political influence. This anthology explores the synchronic and diachronic constructions of Dante and Milton as such culturally produced icons. The main focus of the contributions in this collection is the production of cultural memory regarding Dante and Milton. The juxtaposition and comparison of the two authors invites a broader perspective that goes beyond merely national contexts as it touches on the question of the emergence of a European Dante and a European Milton. At the same time, the

comparison of both allows for an exploration of various processes, namely of appropriating, forgetting and side-lining parts of their histories and politics – processes which the works and legacies of both authors have been subjected to throughout their literary and cultural reception.
