The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them.

Magruder's American Government 1989 Doubleday

This volume, one in a series resulting from Project SPAN (Social Studies/Social Science Education: Priorities, Practices, and Needs), reviews and analyzes the current state of K-12 social studies. A major purpose of the review and analysis was to form a basis for recommendations for future directions that might be taken to improve social studies. The report contains six sections. The first section provides a broad and integrative analysis of the interrelated topics of rationales, definitions, approaches, goals, and objectives of social studies. The second section, "Curriculum Organization in Social Studies," describes the typical pattern of social studies programs from kindergarten through grade 12, stating that despite numerous variations that have occurred, the dominant pattern throughout the nation is one that was established more than 60 years ago. "Social Studies Curriculum Materials," the third section of the volume, describes the great extent to which students, teachers, administrators, and the public accept and rely on curriculum materials as essential aids to teaching, learning, and classroom management. Foremost among curriculum materials being used are textbooks. The topic of the fourth section is "Social Studies Teachers." There is general agreement that the teacher is "the central figure," the "key," or "the magic ingredient" in the learning process. The fifth section, "Instructional Practices in Social Studies," presents a detailed report on what teachers do. The last section, "Barriers to Change in Social Studies," focusing on the fact that the new social studies had relatively little impact on the schools, explores reasons for lack of change in schools. (Author/RM)

American Government 2e Dramatists Play Service Inc

Putting his player ways behind him, Jasper Dane is now strictly a one-woman man. Jasper, desperate to start a family with his wife, Abby, is devastated when she puts their baby plans on hold. Holly has just arrived back in town for the summer, and after landing a job with Jasper,

the two form an unlikely friendship. Abby's immediate dislike of Holly and Jasper spending time together causes him to question his wife's fidelity. Broken hearted at Abby's sudden change of heart and suspicious of her reasons, Jasper takes action, sparking a chain of events that make his once well planned out life spiral out of control. To get what he wants, he first has to lose everything.

Bundle of Compromises Silver Burdett Ginn Religion

Women and Politics: Paths to Power and Political Influence examines the role of women in politics from the early women's movement to the female politicians in power today. Focusing on women whose stories have not yet been told, this book includes new analysis and scholarship on the experiences and viewpoints of conservative women, women of color, LGBT women, and millennial women.

Power Basics American Government Courier Corporation

American Military History provides the United States Army-in particular, its young officers, NCOs, and cadets-with a comprehensive but brief account of its past. The Center of Military History first published this work in 1956 as a textbook for senior ROTC courses. Since then it has gone through a number of updates and revisions, but the primary intent has remained the same. Support for military history education has always been a principal mission of the Center, and this new edition of an invaluable history furthers that purpose. The history of an active organization tends to expand rapidly as the organization grows larger and more complex. The period since the Vietnam War, at which point the most recent edition ended, has been a significant one for the Army, a busy period of expanding roles and missions and of fundamental organizational changes. In particular, the explosion of missions and deployments since 11 September 2001 has necessitated the creation of additional, open-ended chapters in the story of the U.S. Army in action. This first volume covers the Army's history from its birth in 1775 to the eve of World War I. By 1917, the United States was already a world power. The Army had sent large expeditionary forces beyond the American hemisphere, and at the beginning of the new century Secretary of War Elihu Root had proposed changes and reforms that within a generation would shape the Army of the future. But world war-global war-was still to come. The second volume of this new edition will take up that

story and extend it into the twenty-first century and the early years of the war on terrorism and includes an analysis of the wars in Afghanistan and Iraq up to January 2009.

Understanding Basic Statistics Prentice Hall

The Strong Man is the first full-scale biography of John N. Mitchell, the central figure in the rise and ruin of Richard Nixon and the highest-ranking American official ever convicted on criminal charges. As U.S. attorney general from 1969 to 1972, John Mitchell stood at the center of the upheavals of the late sixties. The most powerful man in the Nixon cabinet, a confident troubleshooter, Mitchell championed law and order against the bomb-throwers of the antiwar movement, desegregated the South's public schools, restored calm after the killings at Kent State, and steered the commander-in-chief through the Pentagon Papers and Joint Chiefs spying crises. After leaving office, Mitchell survived the ITT and Vesco scandals—but was ultimately destroyed by Watergate. With a novelist's skill, James Rosen traces Mitchell's early life and career from his Long Island boyhood to his mastery of Wall Street, where Mitchell's innovations in municipal finance made him a power broker to the Rockefellers and mayors and governors in all fifty states. After merging law firms with Richard Nixon, Mitchell brilliantly managed Nixon's 1968 presidential campaign and, at his urging, reluctantly agreed to serve as attorney general. With his steely demeanor and trademark pipe, Mitchell commanded awe throughout the government as Nixon's most trusted adviser, the only man in Washington who could say no to the president. Chronicling the collapse of the Nixon presidency, *The Strong Man* follows America's former top cop on his singular odyssey through the criminal justice system—a tortuous maze of camera crews, congressional hearings, special prosecutors, and federal trials. The path led, ultimately, to a prison cell in Montgomery, Alabama, where Mitchell was welcomed into federal custody by the same men he had appointed to office. Rosen also reveals the dark truth about Mitchell's marriage to the flamboyant and volatile Martha Mitchell: her slide into alcoholism and madness, their bitter divorce, and the toll it all took on their daughter, Marty. Based on 250 original interviews and hundreds of thousands of previously unpublished documents and tapes, *The Strong Man* resolves definitively the central mysteries of the Nixon era: the true purpose of the Watergate break-in, who ordered it, the hidden role played by the Central Intelligence Agency, and those behind the cover-up. A landmark of history and biography, *The Strong Man* is that rarest of books: both a model of scholarly research and savvy analysis and a masterful literary achievement.

Magruder's American Government Scala Books

Written in a straightforward, engaging style, *Simply Shakespeare* actively engages the reader in understanding and appreciating Shakespeare's language and intricate stagecraft. Accessible writing style neither talks down to readers nor over their heads. Introduction: "How to Read Shakespeare" outlines strategies readers can adopt to make Shakespeare easier to understand. Four chapters on language focus on the single greatest hurdle for readers: language. The chapters deal with words, imagery (literal and figurative), rhetoric, and humor. Boxed material highlights major points in any topic discussed. Test Cases analyze key passages in depth. Bulleted lists break up heavy prose passages allowing readers to concentrate on key material, making content more accessible. A Resources Section provides an annotated list of websites and books-emphasizing the best resources and latest scholarship. Glossary covers 30 Shakespearean terms most readers have trouble with. For those interested in gaining a clear understanding of Shakespeare and his art.
