Still the top-selling software suite for Mac users, Microsoft Office has been improved and enhanced to take advantage of the latest Mac OS X features. You'll find lots of new features in Office 2008 for Word, Excel, PowerPoint and Entourage, but not a page of printed instructions to guide you through the changes. Office 2008 for Macintosh: The Missing Manual gives you the friendly, thorough introduction you need, whether you're a beginner who can't do more than point and click, or a power user who's ready to tackle a few advanced techniques. To cover Word, Excel, PowerPoint and Entourage, this guide gives you four superb books in one -- a separate section each for program! You can manage your day and create professional-looking documents, spreadsheets, and presentations in no time. Office 2008 has been redesigned so that the windows, toolbars, and icons blend in better with your other Mac applications. But there are still plenty of oddities. That's why this Missing Manual isn't shy about pointing out which features are gems in the rough -- and which are duds. With it, you'll learn how to: Navigate the new user interface with its bigger and more graphic toolbars Use Word, Excel, PowerPoint, and Entourage separately or together Keep track of appointments and manage daily priorities with the

Creating Letters, E-mails, and Mailing Labels Will Be Easy With The Mail Merge Wizard & This Illustrated Guide

Imagine you have letters or e-mails that you need to send to many, many people. Most of the content is the same, but you need to show recipient specific information in each letter. You don't want to type multiple documents and personalize each one. That would take hours. You know there is a faster way than copying and pasting. That is where Mail Merge comes in! No longer cringe when creating correspondences. Let Microsoft Office Word take care of most of the work for you and use the Mail Merge Wizard.

---

You provide: • the content • the recipient list and let the Wizard do the rest. Mailing labels and envelopes are no problem for the Mail Merge Wizard. Use the Rules feature to further automate the mail merge. What will you learn? After reading this manual, you will be able to customize form letters using merged fields, and connect Word to Excel lists, and Outlook to define those fields. You will also learn to create your own lists. You will create mass e-mails, and mailing labels. You will also be able to customize your merged documents with Fill-in fields, and text that only appears on documents if that document meets certain conditions. Keyboard shortcuts and a cheat sheet at the end of this manual will help you create mail merges even faster. Who should purchase this manual? This manual is for people whose job responsibilities include working with labels, envelopes, form letters, and mass e-mails, and who want to save time, and customize documents. What will you need to know before starting this manual? To ensure your success, knowledge of basic features of Word, Outlook, and Excel is recommended. ??? Examples & Exercises Use the hands-on activities in this guide as a learning tool. Keep it close by when using Word as a reference tool. Exercises and examples apply to Microsoft Office Word 2007, 2010 and 2013. Understand how mail merge works so you can get the results you want. Scroll up and grab a copy today.

**Word 2016: Mail Merge in Depth** Cengage Learning  
A mail merge is a great time-saver for when you need to print out a series of personalized letters, envelopes, or mailing labels.

This introductory guide to mail merge will walk you through how to use Microsoft Word and an Excel-based list to create a customized letter, envelope, or mailing label. The guide is written using Office 2013 and assumes a basic understanding of Microsoft Word and Microsoft Excel. If you're not familiar with one or the other, you should probably start with Word for Beginners and/or Excel for Beginners first.

Ready to put Intuit's QuickBase to work? Our new Missing Manual shows you how to capture, modify, share, and manage data and documents with this web-based data-sharing program quickly and easily. No longer do you have to coordinate your team through a blizzard of emails or play frustrating games of "guess which document is the right one." QuickBase saves your organization time and money, letting you manage and share the information that makes your business tick: sales figures, project timelines, drafts of documents, purchase or work requests--whatever information you need to keep business flowing smoothly. QuickBase: The Missing Manual shows you how to choose among QuickBase's dozens of ready-made applications (mini-databases, essentially) and how to customize one to fit your needs exactly. You'll also learn to assign people different roles within the application. The guide also shows you how to:

- Capture and modify data: Whatever kind of data you need to store--sales leads, catalog listings, project milestones, workflow checklists--you can use QuickBase's forms to record and organize that data so it makes sense to you.
- Filter, sort, and group data: Easily find the records that match your criteria, and then sort those records into groups that make their relationships clear.
- Display your data: QuickBase uses different views (Table, Grid Edit, Summary/Crosstab, Calendar, Chart, and Timeline) to display and summarize data. Switching between them is easy, like taking tasks listed in a table and displaying them as a timeline.
- Create reports: Print out a hard copy, embed charts in the annual report, or email this month's sales

numbers. Because Intuit frequently introduces new features to QuickBase, you'll find updates to this book at our Missing Manual web site so you can benefit from the latest technology and user suggestions right away.
