Poetry. "T.J. Sandella's poems have compassion, humor, grace, and range. He writes about himself and others, about music and sex and trees and Houdini, and death, of course, else how would we recognize him as a poet? But what moves most deeply across and within these poems is an engaging mixture of curiosity and conscience, a need to discover various kinds of

truth, whether ethical or aspirational. In poems that 'keep bending / into questions,' he moves graciously across what he sees, what he has done and what he has imagined doing or becoming. One poem asks, 'How long / until we become what we've always wanted to be?' That none of the poems answer that question shouldn't be held against Sandella. That all of them try is to his credit and our immense benefit."--Bob Hicok "WAYS TO BEG risks the big questions. These poems ignite, they incinerate the straight line--the easy road to sweetness--to ask: What does it mean to be sanctified? In an avalanche of grit and tenderness, Sandella roils with heartbreaking humanity. He speaks in the voice of the working class, of salvation and truth as a wild act. This is a brave and beautiful book."--Jan Beatty "WAYS TO BEG aches as it gazes into the upended present with an unflinching eye, searching for a home. There's loneliness here, and a belief in companionship and the power of another to both heal us and to open us. I love the way surprise leads us to the familiar and the familiar to surprise, and how the poet renders the ordinary and the tragic as equals. Woven together into a fugue, each poem builds moment by intimate moment. These poems begin in the noise and commotion of the world and travel toward quiet reflection after the loss of a mother. It is here that the work crescendos, the pain of grief reminding us to hold each moment and to make it, in no small way, sacred."--Dorianne Laux

System 1 is fast, intuitive, and emotional; System 2 is slower, more deliberative, and more logical. The impact of overconfidence on corporate strategies, the difficulties of predicting what will make us happy in the future, the profound effect of cognitive biases on everything from playing the stock market to planning our next vacation—each of these can be understood only by knowing how the two systems shape our judgments and decisions. Engaging the reader in a lively conversation about how we think, Kahneman reveals where we can and cannot trust our intuitions and how we can tap into the benefits of slow thinking. He offers practical and enlightening insights into how choices are made in both our business and our personal lives—and how we can use different techniques to guard against the mental glitches that often get us into trouble. Make Him Desperate Quick, Easy Ways to Make Him Chase You and Beg to be Your Boyfriend We have all experienced the pain of meeting someone that we are romantically interested in, only for them to not reciprocate those feelings. But what if we could do things slightly differently in future and, as a result, get these same men to be the ones who are chasing us? Well that thought is precisely what we are going to explore over the course of this book. There's no need to feel like you need to be perfect in every way to attract any man you want. As long as you have the basics down, if there are a couple of things here and there that you don't get right then it shouldn't matter too much at all. The changes that we are going to talk about in this book, don't mean that you need to change who you are, what you like, or what you're interested in. You won't be pretending to be someone you're not. By following these simple changes in the way we act around men and talk to men, you will get them to not only be romantically interested in you far more often, you will also get them to actively crave your attention and chase you. This may sound a bit too good to be true, but it's incredible what the practical application of basic psychology can do and how much it can affect your interactions with the opposite sex. In fact, the things I am going to cover in this book are so simple, that you will be able to apply most of them on day one. So even if you already have a man who you're interested in and he's not giving you enough attention, you can begin to repair the damage and alter the way you are acting as soon as you finish this book.

Discover How to Get the Guy You Want and Avoid Dead-End Relationships If a man doesn't take you seriously he may feel compelled to have a good time with you. Unfortunately, this good time will last until you finally realize you're being taken for a ride or until Mr. Time-Waster moves on to the woman he REALLY wants. In cases like this, what a woman really requires are two things: a healthy amount of self-respect and a set of "player-proof" dating rules that will allow her to make wise dating decisions as she navigates the treacherous territory of finding Mr. Right. How to Keep a Man Interested Without Playing Games or Becoming His Doormat Many dating advice books for women tout the idea that a high level of confidence is key when dealing with men. However, while this is partially true, being confident, at least in regards to making a man pursue you, is pointless without understanding how to apply that confidence in various dating situations when dealing with men. A woman's confidence is communicated to a man by what she stands for and what she doesn't. Being able to confidently socialize with men, having confident body language, and illustrating confidence in your femininity will only go so far if you still allow men to have their way with your emotions, time, affections, body, and anything else for that matter. Self-confidence makes a woman more attractive, but unless it effects how she enforces her personal boundaries it won't do anything to keep a man interested in her for the long-term. How to Date a Man to Keep Him Calling and Falling For You Women with strong personal boundaries are

principle-centered, not men-centered or romance-centered. To them, their personal values, such as giving and receiving unconditional love, are more important to them than needing to be with any one particular guy. When a woman has strong personal boundaries she doesn't make excuses because of a man's handsomeness, status, wealth, race, background, promises, sexual chemistry, etc. She sticks to her guns and refuses to settle for dating situations that might cause her distress or jeopardize her future happiness. This book was designed to show women how men appraise female behavior in order to determine a woman's level of self-respect and therefore, her value as a romantic partner. In it, you'll discover the timeless seduction secrets and dating rules for women that will help you avoid those dating mistakes that make a woman appear desperate, needy, commonplace, or even "unqualified" for a serious commitment to a great guy. Here's what you're going to learn inside: The most powerful form of male seduction that can KEEP a woman helplessly "addicted" to chasing a man. How to keep a man interested by doing the one thing MOST women are terrified of doing when they find a great guy. An irritating habit that causes high-quality men to stop pursuing a woman almost INSTANTLY. How to "rebuff" undesirable male behavior and get the guy you want to either take you seriously or take a HIKE! A simple "Ego-Popping" phrase that burns into a man's memory, keeps you STUCK on his mind, and makes him DESPERATE to see you again. How to seduce a man and MELT his heart by overwhelming him with the ONE THING only the RIGHT woman can give him. A dangerous and common dating mistake that FORCES a man to disappear or "log out" of a relationship...for GOOD. Foolproof dating rules for women (the "Nice Girls") who feel that men CONSTANTLY take advantage of their love and kindness. And much, much more... Would You Like to Know More? In this six-session small group Bible study (DVD/digital video sold separately), Spirit Hunger, Gari Meacham peels back the layers of lesser loves we use to fill our true 'hunger' for a relationship with God. It's often tempting to stay safe with God. Do your prayers reflect the desire you have to communicate with God? Do you listen for God, or talk right over him? What would happen if you truly abandoned yourself to experience an adventure with God? Gari invites you to get gutsy with God. In Spirit Hunger, she journeys with you to the raw places of desiring God and discovering a faith-filled way of praying and believing the God we adore. Spirit Hunger unwraps our heart's desire to engage God, even when we cover that desire with lesser loves. Meacham writes, "With the authenticity of my own life stories—marriage to a professional baseball player, struggles with severe food bondage, and a father who was a quadriplegic—I came to the crisp realization that my prayer life and the belief needed to match. Spirit Hunger provides a clear path towards matching these heart cries—leading away from crumbs and counterfeit, to a hungering for God." Relatable and relative, Gari addresses the following topics in Spirit Hunger: Longing and Numbing: Are these sighs of a hungry spirit? Believing: Is our prayer life really a worry life? Travailing and Shouldering: Do we

understand how to pray with an intensity and intimacy? Questioning: What about the outcomes we can't reason with or explain? Dating For Women Crown Currency

The MANipulator Manual: Keep Your Man Interested and Begging for More Without Playing Games Let me start off by explaining I am in no way talking about the sexual act. F*ck him in this case is not physical, it's mental. So many women get in trouble in their love lives, and 99.9 percent of that trouble could have been avoided if they'd said, "Well, f*ck him!" a bit more often. Too many women are way too nice and compliant to their men, especially when these men don't deserve that kind of treatment. And yet, every woman I've ever met tries to not be needy or wear her heart on her sleeve. She simply wants to protect her feelings. Nevertheless, most women I've coached have had men seem very interested only to disappear suddenly. These women are left standing in the dark. Once the guy vanishes, they often find out it's easier to get the President of the United States on the phone than the man who seemingly really liked them...just not enough to stick around. This should stop. I, as a dating coach and author of books for women who want to get men, cannot take it anymore. You deserve better. This is not your fault. It's his! He needs to learn to be much more transparent and upfront. That said, we both know most men won't change. We can lead a horse to water, but we can't make it drink. Or can we? What if there was a way to change a guy's behavior? What if you could get into his head and take over the driver's wheel? What if you could make him do more of the things that you appreciate and need and less of the bad behaviors you dislike? At first, this might seem impossible. Nevertheless, I'm sure you've already met women who are good at manipulating their men. Enter the high-value woman. You know her. You've seen her. She's the woman who always has great men drooling over her. It's the woman you see getting all the attention. You often wonder, "How does she do it? What do they see in her? What does she know that I don't?" You might have even complained to your girlfriends that men just don't seem to notice what a catch you are. Your girlfriends may have even said, "He doesn't know what he's missing." What if you could make him see it? When you look at these high-value women who get their way with men, it might have surprised you that their looks don't seem to matter. The high-value woman can be great looking, average looking, or even bad looking. It doesn't matter. She knows her way around men. She knows how to mentally f*ck them. Are you ready to implement her strategies? You'll see behavior you've never seen from him. He'll start to put in an effort that makes you feel like you're a queen because to him, you are. At first, it will be strange. If you've never truly been in control of a man, it might feel like riding a horse for the first time. But soon, it will make you feel all tingly inside. I'm not kidding. There's nothing more powerful than being in a relationship with a guy and having him do exactly what you want while he thinks it was his idea. (This is important, as you'll see. He needs to think he is the one in the driver's seat, even though you actually are.) This book is not about becoming someone you're not or turning your boyfriend into a spineless manslave. It's about your empowerment, about taking back what's yours. No man should ever be able to play games with you, to take you for

granted, to treat you even a tiny bit less than you deserve. By the time you've finished this book, this will all be part of your past. Are you ready? Then hit the buy button at the top of this page and start your high value woman journey right away!
