How to Draw a Jungle Vine. Jungle vines can be spotted hanging from tree branches. They often grow so long that they extend from one tree to the other. Here's a simple tutorial that shows you how to draw them. Sketch a simple curved line....

*DIY Vine Garland Backdrop (with Pictures)*  
Here's how to make this Jungle Leaf Party Garland and free templates: We made up two different sized jungle leaf templates. All you have to do is print them off on cardstock. Then trace around the leaves and use the cardstock leaves as templates. The larger size leaf template is about the size of an 8x11 sheet of paper.

Draw the jungle leaves with stems, freehand or using a template you create from a printed picture. Make the leaf size proportionate to the vine and large enough to be visible on the finished vine. To make large leaves, fill most of a sheet of construction paper with a single leaf.

### Lil Party Animals: How to make craft paper vines

For added detail, draw veins on the vine leaves using felt-tip pens in a darker shade than the leaf. Use tissue paper instead of construction paper, if you prefer. Make wreath decorations

from real vines. Cut 3-foot to 10-foot lengths of grapevines, Virginia creeper, silver lace or honeysuckle. Make a circular shape with one length.
