Dr. Sloop and her husband began their lifelong dedication to the mountain people when they rode horseback into the remote hill region of North Carolina in 1909. The conditions they encountered were shockingly primitive. The people had neither doctors, nor schools and were suspicious of medicine and "larnin' ". Electricity and running water were unheard of, roads were rough mountain paths and the diet consisted of "hog meat, greens and grease." The main industry was moon shining. Dr. Sloop declared a personal war on moonshiners, tracking down hidden still with a reluctant sheriff in tow. She fought against child marriages and in a region where girls often married at the age of fourteen. With the help of the mountain people, she reinvigorated the weaving trade, built a church and a modern well equipped hospital. Her spirited support of education resulted in a modern twenty-five-building school. An amazing story of a unique crusade in the hill country of North Carolina.

The Real Story of the Exodus Colin Humphreys, a world-renowned Cambridge University scientist, reveals for the first time the concrete, scientific truth behind the Exodus miracles. The Burning Bush: Caused by a volcanic vent that opened up under the bush. Crossing the Red Sea: The water was pushed back by a very strong wind blowing all night. This is a known physical phenomenon called wind setdown. The details given in the Bible mean we can pinpoint where the Red Sea crossing occurred. Drowning Pharaoh's Army: When the very strong wind suddenly stopped blowing, the water rushed back in the form of a rapidly returning "bore" wave, sweeping Pharaoh's army into the sea. Mount Sinai: The real Mount Sinai is in present-day Saudi Arabia, not the Sinai Desert as is generally assumed.

If the righteous will commit to vehement, earnest and heartfelt prayer they will once again produce wonderful miracles.
