I Don't Like Koala Penguin

In this post-apocalyptic novel from Newbery Medal – winning author Robert C. O' Brien, a teen girl struggling to survive in the wake of unimaginable disaster comes across another survivor. Ann Burden is sixteen years old and completely alone. The world as she once knew it is gone, ravaged by a nuclear war that has taken everyone from her. For the past year, she has lived in a remote valley with no evidence of any other survivors. But the smoke from a distant campfire shatters Ann's solitude. Someone else is still alive and making his way

toward the valley. Who is this man? What does he want? Can he be trusted? Both excited and terrified, Ann soon realizes there may be worse things than being the last person on Earth.

The History of Love: A Novel Anchor

Poetry. THE MAN SUIT, a darkly comic debut from poet Zachary Schomburg, assembles a macabre cast of doppelgangers, talking animals and dead presidents in poems that explore concepts of identity, truth and fate. The resulting body of work walks a dynamic line--often reading like anecdotal fables or cautionary tales in the form of prose poems. Through it all, Schomburg balances irony with sincerity; wit with candor; and a playful tone with the knowledge of inevitable sorrow. "The often funny yet haunting prose and verse poems of this eagerly anticipated debut deal with the subtle and unexpected ways things can transform, usually just beneath an observer's awareness.... Schomburg may be one of the sincerest surrealists around."--Publishers Weekly "Zachary Schomburg is a wildly imaginative poet who will take you many places you've never been or even dreamed of, always with grace and quirky

humor. Whether you are caught in Abraham Lincoln's Death Scene or the Sea of Japan, you are certain to enjoy the original vision of this highly entertaining poet. It's a book like no other."--James Tate "Zachary Schomburg's THE MAN SUIT comes to us from the past but it is a thoroughly new book. It comes to us out of the familiar and it strikes us in the face with its novelty. You will recognize your own history, the history of our nation, the influence of Mad Magazine and Benjamin Peret. And underneath it all, and what holds it all together, however unlikely, is the deep and abiding love of the little things that make up our days."--Matthew Rohrer "It is a rare and fine thing when a poet momentarily affiliates his words and his cadences with the entirety of a world, thus freeing his poem from all burden of mediation, all transgression. In our own era, Ren Char and Pablo Neruda come most vividly to mind in this regard. With THE MAN SUIT, Zachary Schomburg, quietly but with deep conviction, begins to join their company. His book is a blessing."--Donald Revell

It started out like any other morning on the train. Until I became mesmerized by the guy sitting across the aisle. He was barking at someone on his phone like he ruled the world. Who did the stuck-up suit think he was...God? Actually, he looked like a God. That was about it. When his stop came, he got up suddenly and left. So suddenly, he dropped his phone on the way out. I might have picked it up. I might have gone through all of his photos and called some of the

numbers. I might have held onto the mystery man's phone for days until I finally conjured up the courage to return it. When I traipsed my ass across town to his fancy company, he refused to see me. So, I left the phone on the empty desk outside the arrogant jerk's office. I might have also left behind a dirty picture on it first though. I didn't expect him to text back. I didn't expect our exchanges to be hot as hell. I didn't expect to fall for him all before we even met. The two of us couldn't have been any more different. Yet, you know what they say about opposites. When we finally came face to face, we found out opposites sometimes do more than attract we consumed each other. Nothing could have prepared me for the ride he took me on. And I certainly wasn't prepared for where I'd wind up when the ride was over. All good things must come to an end, right? Except our ending was one I didn't see coming.

A Gift of Time HarperCollins UK

In this dystopian novel set in the 2030s, a man suffering from a gunshot wound is trying to remember what happened to him in the years since Trump got elected. Fimple is an alcoholic psychological counselor suffering from post-traumatic amnesia. As he recovers in the hospital, he tries to reconstruct his past, but can't recognize the America his country has become. As his memory slowly returns, he realizes the hospital is owned by his half-uncle, a Trump-like corporatist who wants to run for president and has hired Fimple to babysit three sexually addicted young people to keep them out of the news. This is necessary because a sex scandal in the evangelical right-wing post-Trump era could weaken his run for president. But in counseling the three young

addicts locked up in a halfway house, Fimple comes to love them. When they beg him to set them free, he is tempted. Fimple can't afford to lose his job, but feels morally obligated to aid in their escape. What should he do? "While Walker's prose is never flashy, his careful grounding of details and patient efforts in constructing character and setting create a universe of flaws and possibilities, and his stories unfold with a cumulative, occasionally wrenching emotional effect." - Kirkus review of Tom Walker's book *Signed Confessions* (2013)

Futuristic Violence and Fancy Suits Houghton Mifflin Harcourt

A mindbending, relentlessly surprising thriller from the author of the bestselling *Wayward Pines* trilogy. "Are you happy with your life?" Those are the last words Jason Dessen hears before the masked abductor knocks him unconscious. Before he awakens to find himself strapped to a gurney, surrounded by strangers in hazmat suits. Before a man Jason's never met smiles down at him and says, "Welcome back, my friend." In this world he's woken up to,

Jason's life is not the one he knows. His wife is not his wife. His son was never born. And Jason is not an ordinary college physics professor, but a celebrated genius who has achieved something remarkable. Something impossible. Is it this world or the other that's the dream? And even if the home he remembers is real, how can Jason possibly make it back to the family he loves? The answers lie in a journey more wondrous and horrifying than anything he could've imagined-one that will force him to confront the darkest parts of himself even as he battles a terrifying, seemingly unbeatable foe. *Dark Matter* is a brilliantly plotted tale that is at once sweeping and intimate, mind-bendingly strange and profoundly human-a relentlessly surprising science-fiction thriller about choices, paths not taken, and how far we'll go to claim the lives we dream of.

Between Shades of Gray Simon and Schuster

Regarded as one of the most important sociological and business commentaries of modern times, *The Organization Man* developed the first thorough description of the impact of mass organization on American society. During the height of the Eisenhower administration, corporations appeared to provide a blissful answer to postwar life with the marketing of new technologies—television, affordable cars, space travel, fast food—and lifestyles, such as carefully planned suburban communities centered around the nuclear family. William H. Whyte found this phenomenon alarming. As an editor for *Fortune* magazine, Whyte was well placed to observe corporate America; it became clear to him that the American belief in the perfectibility of society was shifting from one of individual initiative to one that could be achieved at the expense of the individual. With its clear analysis of contemporary working and living arrangements, *The Organization Man* rapidly achieved bestseller status. Since the time of the book's original publication, the American workplace has undergone massive changes. In the 1990s, the rule of large corporations seemed less relevant as small entrepreneurs made fortunes from new technologies, in the process bucking old corporate trends. In fact this "new economy" appeared to have doomed Whyte's original analysis as an artifact from a bygone day. But the recent collapse of so many startup businesses, gigantic mergers of international conglomerates, and the reality of economic globalization make *The Organization Man* all the more essential as background for understanding today's global market. This edition contains a new

foreword by noted journalist and author Joseph Nocera. In an afterword Jenny Bell Whyte describes how *The Organization Man* was written.

The Man Who Died Twice Simon and Schuster The "thrilling" #1 New York Times and USA Today bestseller (Karin Slaughter): when three bodies are found in a Chicago bedroom, a black book goes missing . . . and the city has never been more dangerous. Billy Harney was born to be a cop. As the son of Chicago's chief of detectives with a twin sister on the force, Billy plays it by the book. Teaming up with his adrenaline-junkie partner, Detective Kate Fenton, there's nothing he wouldn't sacrifice for his job. Enter Amy Lentini, a hard-charging assistant attorney hell-bent on making a name for herself who suspects Billy isn't the cop he claims to be. They're about to be linked by more than their careers. A horrifying murder leads investigators to an unexpected address—an exclusive brothel that caters to Chicago's most powerful citizens. There's plenty of incriminating evidence on the scene, but what matters most is what's missing: the madam's black book. Now with shock waves rippling through the city's elite, everyone's desperate to find it. As

Chicago's elite scramble to get their hands on the elusive black book, no one's motives can be trusted. An ingenious, inventive thriller about power, corruption, and the secrets that can destroy a city, *The Black Book* is James Patterson at his page-turning best.

The Empty Family Simon and Schuster

"Part murder mystery and part mind-bending time-travel story. . . . Full of imagination" (Booklist). Say you're a time traveler and you've already toured the entirety of human history. After a while, the world might lose a little of its luster. That's why this time traveler celebrates his birthday partying with himself. Every year, he travels to an abandoned hotel in New York City in 2071, the hundredth anniversary of his birth, and drinks twelve-year-old Scotch (lots of it) with all the other versions of who he has been and who he will be. Sure, the party is the same year after year, but at least it's one party where he can really, well, be himself. The year he turns thirty-nine, though, the party takes a stressful turn. Before he even makes it into the grand ballroom for a drink he encounters the body of his forty-year-old self, dead of a

gunshot wound to the head. As the older versions of himself at the party point out, the onus is on him to figure out what went wrong—he has one year to stop himself from being murdered, or they're all goners. As he follows clues that he may or may not have willingly left for himself, he discovers rampant paranoia and suspicion among his younger selves, and a frightening conspiracy among the Elders. Most complicated of all is a haunting woman, possibly named Lily, who turns up at the party this year—the first person he's ever seen there besides himself. For the first time, he has something to lose. Here's hoping he can save some version of his own life. "A clever enough premise that it could be straight out of a Philip K. Dick or Kurt Vonnegut novel." —Pittsburgh Post-Gazette "A dark hybrid of Paul Auster and the film *Memento*, complete with a mysterious love interest . . . Best of all, however, is the evocation of mid-21st century New York as a melancholy, dilapidated place high in entropy, cluttered with ruined buildings, and weirdly infested with parrots." —Toronto Star

Time and Again Robledal Press

When Micajah Fenton discovers a crater in his front yard with a broken time glider in the bottom and a naked, virtual woman on his lawn, he delays his plans to kill himself. While helping repair the marooned time traveler's glider, Cager realizes it can return him to his past to correct a mistake that had haunted him his whole life. In gratitude for his help, the virtual creature living in the circuitry of the marooned glider, sends Cager back in time as his ten-year-old self, knowing everything he'd known at eighty. As a bonus, it also gives him access to advanced equations of space and time. But living life over knowing the future isn't as easy as Cager anticipated, and he bungles his chance at correcting the most serious mistake of his life. Now he must use his new knowledge of advanced math to build his own time machine to go back and try again. Meanwhile Cager's repairs to the creature's glider fail, keeping it

stranded near earth. In desperation, the whale-like creature sends, Ell, a near-human, female copy containing it's consciousness to help Cager. While perfecting time travel, Cager and Ell overcome enormous problems, even being hunted by dinosaurs in the Cretaceous, and Cager falls in love with this indomitable anthropomorphic copy of a creature from across the galaxy.

National Bestseller • A New York Times Notable Book Named Best Book of the Year by Esquire, Times Literary Supplement, Elle Magazine, LitHub, Publishers Weekly, Financial Times, Guardian, Refinery29, PopSugar, and Globe and Mail "A brilliant novel. I am full of admiration." —Philip Roth "One of America's most important novelists" (New York Times), the award-winning, New York Times bestselling author of *The History of Love*, conjures an achingly beautiful and breathtakingly original novel about personal transformation that interweaves the stories of two disparate individuals—an older lawyer and a young novelist—whose transcendental search leads them to the same Israeli desert. Jules Epstein, a man whose drive, avidity, and outsized personality have, for sixty-eight years, been a force to be reckoned with, is undergoing a metamorphosis. In the wake of his parents' deaths, his divorce from his wife of more than thirty years, and his retirement from the New York legal firm where he was a partner, he's felt an irresistible need to give away his possessions, alarming his children and perplexing the executor of his estate. With the last of his

wealth, he travels to Israel, with a nebulous plan to do something to honor his parents. In Tel Aviv, he is sidetracked by a charismatic American rabbi planning a reunion for the descendants of King David who insists that Epstein is part of that storied dynastic line. He also meets the rabbi's beautiful daughter who convinces Epstein to become involved in her own project—a film about the life of David being shot in the desert—with life-changing consequences.

But Epstein isn't the only seeker embarking on a metaphysical journey that dissolves his sense of self, place, and history. Leaving her family in Brooklyn, a young, well-known novelist arrives at the Tel Aviv Hilton where she has stayed every year since birth. Troubled by writer's block and a failing marriage, she hopes that the hotel can unlock a dimension of reality—and her own perception of life—that has been closed off to her. But when she meets a retired literature professor who proposes a project she can't turn down, she's drawn into a mystery that alters her life in ways she could never have imagined. Bursting with life and humor, *Forest Dark* is a profound, mesmerizing novel of metamorphosis and self-realization—of looking beyond all that is visible towards the infinite.

In this taut, chilling novel from the bestselling, Pulitzer Prize-winning author of *The Road*, Lester Ballard—a violent, dispossessed man falsely accused of rape—haunts the hill country of East Tennessee when he is released from jail. While telling his story, Cormac McCarthy depicts the most sordid aspects of life with dignity, humor, and characteristic lyrical brilliance. "Like the novelists he admires—Melville, Dostoyevsky, Faulkner—Cormac McCarthy has created an imaginative oeuvre greater and deeper than any single book. Such writers wrestle with the gods themselves." —Washington Post
