inside out, in its most glamorous and most cutthroat moments. “The Chiffon Trenches honestly and candidly captures fifty sublime years of fashion.”—Manolo Blahnik **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • Fortune • Garden & Gun • New York Post** During André Leon Talley’s first magazine job, alongside Andy Warhol at Interview, a fateful meeting with Karl Lagerfeld began a decades-long friendship with the enigmatic, often caustic designer. Propelled into the upper echelons by his knowledge and adoration of fashion, André moved to Paris as bureau chief of John Fairchild’s Women’s Wear Daily, befriending fashion’s most important designers (Halston, Yves Saint Laurent, Oscar de la Renta). But as André made friends, he also made enemies. A racially tinged encounter with a member of the house of Yves

Saint Laurent sent him back to New York and into the offices of Vogue under Grace Mirabella. There, he eventually became creative director, developing an unlikely but intimate friendship with Anna Wintour. As she rose to the top of Vogue’s masthead, André also ascended, and soon became the most influential man in fashion. The Chiffon Trenches offers a candid look at the who’s who of the last fifty years of fashion. At once ruthless and empathetic, this engaging memoir tells with raw honesty the story of how André not only survived the brutal style landscape but thrived—despite racism, illicit rumors, and all the other challenges of this notoriously cutthroat industry—to become one of the most renowned voices and faces in fashion. Woven throughout the book are also André’s own personal struggles that have impacted him over the

---

decades, along with intimate stories of those he has turned to for inspiration (Diana Vreeland, Diane von Fürstenberg, Lee Radziwill, to name a few), and of course his Southern roots and ongoing faith, which have guided him since childhood. The result is a highly compelling read that captures the essence of a world few of us will ever have real access to, but one that we all want to know oh so much more about.

Escape into this time travel romance series by #1 New York Times bestselling fantasy author Kelley Armstrong... Thorne Manor has always been haunted...and it has always haunted Bronwyn Dale. As a young girl, Bronwyn could pass through a time slip in her great-aunt's house, where she visited William Thorne, a boy her own age, born two centuries earlier. Bronwyn was convinced that William existed only in her imagination. Now, twenty years later Bronwyn inherits Thorne Manor. And when she returns, William is waiting. William Thorne is no longer the boy she remembers. The Knowing the Bible series is a resource designed to help Bible readers better understand and apply God’s Word. These 12-week studies lead participants through books of the Bible and are made up of four basic components: (1) reflection questions help readers engage the text at a deeper level; (2) “Gospel Glimpses” highlight the gospel of grace throughout the book; (3)

“Whole-Bible Connections” show how any given passage connects to the Bible’s overarching story of redemption, culminating in Christ; and (4) “Theological Soundings” identify how historic orthodox doctrines are taught or reinforced throughout Scripture. With contributions from an array of influential pastors and church leaders, these gospel-centered studies will help Christians see and cherish the message of God’s grace on every page of the Bible. In this 12-week study through the books of 1 and 2 Samuel, pastor Ryan Kelly offers insights into God’s character through the stories of the prophet Samuel and Israel’s first kings, Saul and David. With the inauguration of a monarchy in Israel, we see God’s continued care for his people as he

Section one covers Alaska: the giant waves of Lituya Bay, the battle for Attu during World War II, the first Arctic pipeline, the piloting of supertankers through Valdez Narrows, and the debate over the Alaska rain forest. Fradkin closes that section with a touching essay about forging bonds with his young son during a summer-long

journey through the state. The second section covers the American West: drought, fires, and development in California, an energy boomtown in Colorado, overgrazing in Arizona and Nevada, overcrowding everywhere, pressures on wilderness areas and Indian lands, and the endless search for mythic riches.
