Organisational Behaviour Financial Times/Prentice Hall

The Nature of Leadership includes the most important areas of leadership in a concise and integrated manner with impactful contributions from the most prominent leadership scholars and

researchers in the field. Editors John Antonakis and David V. Day provide an in-depth exploration of the major schools of leadership as well as emerging perspectives. This fully-updated text includes new material examining followership, gender, power, identity, culture, and entrepreneurial leadership. The text concludes by unpacking philosophical and methodological issues in leadership such as ethics and corporate social responsibility. The Third Edition has been fully revised and includes new vignettes, examples, statistics, and recommended case studies and TED Talk-type videos to illuminate the essence of leadership.

Organizational Behaviour Management and Organisational Behaviour

Organizational Behaviour is the most established and yet most engaging book of its kind available today. Whatever your background, Buc and Huc will enable you to view organisations and their actions in a whole new way.

Hospitality Management and Organisational Behaviour
Pearson Education

Presenting a managerial approach to the study of organisational behaviour, with an emphasis on improving working performance through a better understanding of human resources, this book contains summaries, review questions, and assignments.

The Nature of Leadership Oxford University Press
The new edition of this successful text provides an overview of organisational behaviour and analysis for students of all levels who are taking their first course in the study of people in organisations. It has been purposefully designed for accessibility and to make teaching and learning both relevant and stimulating. Classic Features *A novel, integrative approach combining both organisational behaviour and organisational analysis. *A deliberate avoidance of the managerialist approach characteristic of many

leading textbooks, which better equips students to understand human behaviour in organisations.

*Offers a critical framework which encourages students to engage in discussion of the theories and concepts presented in the text. *Comprehensive coverage of major theories and concepts, including crosscultural and international perspectives. *Strong pedagogy, including learning outcomes, short case studies, review and discussion questions and further readings. *Time Out exercises, designed to enable students to draw on their own experiences to apply concepts and theories in personal study or classroom discussion. New Features *Five new sections spread throughout the book, devoted t

Using Practice and Theory to Develop Skill Pearson Higher Ed

This long established market leader has set standards that few texts have equalled in terms of accessibility of writing style, clarity of presentation and popularity with students and teachers alike. Written from a managerial perspective and packed with contemporary references to management research and practice, it continues to prove the student's OB text of choice. This eighth edition brings fresh evidence to explore theory in practice, and a wide range of brand new and intriguing examples and case studies on issues and organisations that are engaging, relevant and contemporary. It also provides an

abundance of online student self-assessment resources. The breadth of appeal of this text makes it ideal for Management and Organisation courses from HND level through undergraduate and up to MBA. Management and Organisational Behaviour Pearson Higher Ed

An Integrated Approach Prentice Hall

Revised edition of the author's Management, 2017. The New Business Road Test John Wiley & Sons

This refreshing textbook shows how research into human behaviour can be applied in the workplace. It is focussed on helping students to develop the key skills they will need as future managers and employees. It assumes no prior work experience, and instead asks students to draw on their everyday experiences. They are invited to complete a range of innovative activities designed to deepen their understanding of key topics, such as personality, perception, and motivation. The book is an ideal length for one-semester taught courses. It is aimed primarily at first and second year undergraduate students on business and

management degrees, who are taking OB modules for the first time, though could also be used on postgraduate and MBA courses. Management and Organisational Behaviour PDF eBook 11th edition Prentice Hall Organization scholars have long acknowledged that control processes are integral to the way in which organizations function. While control theory research spans many decades and draws on several rich traditions, theoretical limitations have kept it from generating consistent and interpretable empirical findings and from reaching consensus concerning the nature of key relationships. This book reveals how we can overcome such problems by synthesising diverse, yet complementary, streams of control research into a theoretical framework and empirical tests that more fully describe how types of control mechanisms (e.g., the use of rules, norms, direct supervision or monitoring) aimed at particular control targets (e.g., input, behavior, output) are applied within particular types of control systems (i.e., market, clan, bureaucracy, integrative). Written by a team of distinguished scholars, this book not only sheds light on the long-neglected

phenomenon of organizational control, it also provides important directions for future research.

Management Financial Times/Prentice Hall Taking a managerial approach and demonstrating the application of behavioural science within the workplace, this text focuses on the essential topics of organisational behaviour. The Essentials text is a new concise version of the long established market leader Management & Organisational Behaviour which has set standards in pedagogy and authorship that few texts have matched. The accessibility of writing style and clarity of presentation makes unfamiliar theory relevant, easily understood and logically applied to the world of work. In 12 chapters, the Essentials version focuses on the core topics of the discipline in a recognisable sequence, starting from the level of individual, though to the group, and finally the organisation.

Organizational Behaviour Pearson Education "This is a classic text that...is very comprehensive, well-structured and particularly well-designed from a learning perspective." Dr. Jean-Anne Stewart, Associate Professor, Henley Business School.

" Management and Organisational Behaviour has provided an excellent source for students over many

years...the author go out of their way to include additional research evidence/key frameworks and theories that are not covered in many of the other mainstream OB texts. This is a real benefit for those students who want to achieve beyond the basics. " Dr. Nick Jackson, Senior Teaching Fellow, University of Leeds. " The book is well written and presented in a logical sequence that makes comprehension and understanding easier. The chapters consist of a series of small, succinct explanations and discussions around important concepts aided by extensive use of theory...The treatment of key concepts is expressed at a level students will find accessible. " Dr. Colin Combe, Senior Lecturer, Glasgow Caledonian University. Now in its 11th edition Laurie Mullins ' s Management & Organisational Behaviour is the essential guide to OB for students today. Over half a million students have used this engaging and practically focused book as their introduction to the world of management and organisational behaviour, and it continues to evolve and improve to serve the needs of modern students. Using both theory and practical, real-world examples, the textbook considers how organisational performance can be improved through effective management of people. This unique approach to the subject enables students to relate Organisational Behaviour to Management in the broader social and cultural contexts. This fully updated new edition incorporates new content and a streamlined structure to deliver the best possible learning experience. Key features include: Expanded Personal Skills and Employability sections as well as 5 new end of chapter exercises and an end of book

review to help you to develop your social and work-based skills in preparation for life after study. New and revised management and OB in action case studies help to place the theory of management and organisational behaviour in the context of everyday organisational practice. New and revised end of chapter case studies provide a deeper insight into a wide variety of organisations in the UK and around the world. New Academic Viewpoint features in each part links to relevant research for a deeper understanding of the topics discussed. Management and Organisational Behaviour will appeal to students at undergraduate level or on related professional courses, as well as to graduates and professionals aspiring to management positions. This bible of Organisational Behaviour is the perfect resource for students from all backgrounds – Management starts with Mullins!
