The Nature of Leadership Pearson UK

Revised edition of the author's Management, 2017.

Organisational Behaviour Prentice Hall

This text is written for those studying management for the first time. Written in an accessible style and illustrated with a wide variety of diagrams and examples, it encourages its audience to engage in a critical discussion of key themes and concepts of management. The second edition The text retains all the strengths of the first edition within a more concise and refined structure. The foundations of management, its origins and context, are examined in the light of contemporary themes such as globalisation, social responsibility, quality and enterprise. Practical applications and examples taken from many sectors, nations and organisational sizes and types both illustrate and challenge taken-for-granted management assumptions and prescriptions.

The Human Capital Imperative Pearson Education

The Nature of Leadership includes the most important areas of leadership in a concise and integrated manner with impactful contributions from the most prominent leadership scholars and researchers in the field. Editors John Antonakis and David V. Day provide an in-depth exploration of the major schools of leadership as well as emerging perspectives. This fully-updated text includes new material examining followership, gender, power, identity, culture, and entrepreneurial leadership. The text concludes by unpacking philosophical and methodological issues in leadership such as ethics and corporate social responsibility. The Third Edition has been fully revised and includes new vignettes, examples, statistics, and recommended case studies and TED Talk-type videos to illuminate the essence of leadership.

The New Business Road Test Management and Organisational Behaviour Change Management is a crucial process for gaining the competitive advantage that is the goal of many organisations. Leaders and change agents are often faced with conflicting challenges of motivating and understanding increasingly diverse workforces, accounting to stakeholders and planning for the future in a chaotic environment. Comprising 12 chapters in 6 parts, the text opens with an explanation of the environment of change faced by organisations today. It then deals with managing organisational development, which is a planned process of change which is often subject to the incursions of organisational transformation, a more dramatic and unpredictable type of change. With the field of organisational change continuing to evolve, especially in an international context, future directions of change management are also discussed. Finally, to emphasise the relationship between theory to practice, Organisational Change: Development and

Transformation 6e provides 10 local and international case studies and a suite of online cases supported by a case matrix. Case studies, exercises and support material present the challenges of change management in a real-life manner - examining issues from a variety of viewpoints.

Fundamentals of Management Thomson Learning

An Introduction John Wiley & Sons

"This is a classic text that... is very comprehensive, well-structured and particularly well-designed from a learning perspective." Dr. Jean-Anne Stewart, Associate Professor, Henley Business School. "Management and Organisational Behaviour has provided an excellent source for students over many years... the author go out of their way to include additional research evidence/key frameworks and theories that are not covered in many of the other mainstream OB texts. This is a real benefit for those students who want to achieve beyond the basics." Dr. Nick Jackson, Senior Teaching Fellow, University of Leeds. "The book is well written and presented in a logical sequence that makes comprehension and understanding easier. The chapters consist of a series of small, succinct explanations and discussions around important concepts aided by extensive use of theory... The treatment of key concepts is expressed at a level students will find accessible." Dr. Colin Combe, Senior Lecturer, Glasgow Caledonian University. Now in its 11th edition Laurie Mullins' s Management & Organisational Behaviour is the essential guide to OB for students today. Over half a million students have used this engaging and practically focused book as their introduction to the world of management and organisational behaviour, and it continues to evolve and improve to serve the needs of modern students. Using both theory and practical, real-world examples, the textbook considers how organisational performance can be improved through effective management of people. This unique approach to the subject enables students to relate Organisational Behaviour to Management in the broader social and cultural contexts. This fully updated new edition incorporates new content and a streamlined structure to deliver the best possible learning experience. Key features include: Expanded Personal Skills and Employability sections as well as 5 new end of chapter exercises and an end of book review to help you to develop your social and work-based skills in preparation for life after study. New and revised management and OB in action case studies help to place the theory of management and organisational behaviour in the context of everyday organisational practice. New and revised end of chapter case studies provide a deeper insight into a wide variety of organisations in the UK and around the world. New Academic Viewpoint features in each part links to relevant research for a deeper understanding of the topics discussed. Management and Organisational Behaviour will appeal to students at undergraduate level or on related professional courses, as well as to graduates and professionals aspiring to management positions. Management and Organisational Behaviour GRIN Verlag
Comments on the previous edition: 'This book is the best of its kind' Laurie Mullins is to be congratulated on producing an engaging text on human resource management in the hospitality industry. 'It is nice to see a textbook in this field that has theoretical concerns as well as vocational ones.' 'The writing style is accessible and free from technical jargon' Managing People in the Hospitality Industry is the third edition of a best-selling text previously called Hospitality Management: A Human Resources Approach. It provides a detailed study of the ways performance can be improved in the hospitality industry through the effective management of people. It is designed to instil in readers a greater awareness of the organisational factors influencing the behaviour and performance of people at work. The approach focuses on the critical analysis of the relevance and applications of general management theory and practice to the hospitality industry. The text recognises the diverse nature of the hospitality industry with many real-life case studies and examples. It is written in a clear and easy to understand style, and develops an understanding of key concepts which are then applied to

Organizational Behaviour Wiley Global Education

Essay from the year 2017 in the subject Business economics - Business Management, Corporate Governance, grade: 80 %, , language: English, abstract: The global situation of economical and political instability and the related turbulences caused changes in an inevitable part of any health organisation. Even companies with dominant positions in this market such as Apple after introducing its iPad are forced to innovate and keep their products up-to-date constantly. Simplistically change means doing things in a different way. Currently change is studied on the individual, group, national, and multinational levels during different time periods, from days to years. Organisational change is a process where companies modify working methods, organisational structure and culture, mission and vision in order to survive, develop and cope with faced problems or situations. According to Fincham and Rhodes (2005), change management is at the peak of the organisational change process, which includes the important factor of minimizing change barriers.
