A management case study contains a description of real-life management issues and proposed solutions. Students, practitioners and professionals write case studies to thinking critically about issues, and devise and implement remedies for challenging management situations. A case study generally contains facts, theories, assumptions, analysis, and prioritized solutions.

Leadership and Management Case Study #1 | CYFAR

Change can be the foundation of competitive advantage but, to be effective, a change management programme must identify areas of potential conflict, address the needs of everyone in the organisation and, crucially, bridge the gap between the aspirations of executives, technical project teams and the people affected by the change. Few organisations do this well.
