Principles of Accounting

Volume 2 - Managerial

Accounting McGraw-Hill College

A less-expensive grayscale paperback version is available. Search for ISBN 9781680922936. Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core

concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of

accounting in order to reinforce concepts and promote comprehension over rote memorization.

Introduction to Cost Accounting S. Chand Publishing

Introduction to Managerial Accounting by Folk/Garrison/Noreen is based on the market-leading text, Managerial Accounting, by Garrison and Noreen. However, this is not simply a briefer book with chapters removed; it has been rethought and retooled to meet the needs demanded by the market: a more accessible, yet thorough student-friendly text that satisfies the basic needs of the managerial accounting student without unnecessary depth on advanced topics associated with the follow-up course, cost accounting/cost management. Faculty and students alike will find this new text has retained the hallmark features of the Garrison/Noreen text: author-written supplements; excellent readability; terrific

examples; thorough, relevant, and balanced end of chapter material. In sum, this is a book instructors can count on!

The world is currently in crisis, a financial crisis of 2008 up to 2012. The phenomena of financial crisis is not new, as the world experienced it on 1930's Great Depression, not to mention in the late 1980s and the

famous 1996-2000 Asian financial crisis that held Indonesia and most countries in Asia in monetary crisis. Is there a way for countries to turn this? International Monetary Fund (IMF) came as a solution to cure those countries in need of fund that includes Indonesia. Indonesia is not cured. However, in 2012 Indonesia declared their pledge to IMF of 1 Billion dollar in terms of bonds and even the Indonesian president by UN Secretary-General is appointed as High-level Panel advisor of Millennium Development Goals beyond 2015. What is the relevancy of Indonesia pledge to IMF of 1 Billion dollar in the midst of world financial crisis? This paper looks at the world financial crisis from Indonesian perspective.
