Unlike any other text, Ingram presents managerial accounting as a crucial communication tool for management decision making. Additionally, students learn that service-oriented and product-oriented organizations apply similar approaches to gain accurate, timely information. Throughout the book, managerial accounting is viewed as a key component of multi-disciplinary management-with accountants working as part of a team to resolve questions of costing, pricing, and production. Corporate Finance: Core Principles and Applications, 3rd edition, by Ross, Westerfield, Jaffe and Jordan was written to convey the most important corporate finance concepts and applications at a level that is approachable to the widest possible audience. The concise format, managerial context and design, and student-friendly writing style are key attributes to this text. RWJJ Core Principles strikes a balance by introducing and covering the essentials, while leaving more specialized topics to follow-up courses. This text distills the subject of corporate finance down to its core, while also maintaining a decidedly modern approach. The well-respected author team is known for the clear, accessible presentation of material that makes this text an excellent teaching tool.

Introduction to Managerial Accounting, 4/e by Brewer/Garrison/Noreen is based on the market-leading text, Managerial Accounting, by Garrison, Noreen and Brewer. However, this is not simply a briefer book with chapters removed; B/G/N has been rethought and retooled to meet the needs of the market. B/G/N 4/e is a more accessible, yet thoroughly student-friendly text that satisfies the basic needs of the managerial accounting student without unnecessary depth on advanced topics associated with the follow-up course: cost accounting/cost management. Faculty and students alike will find this new edition has retained the hallmark features of the Garrison brand: author-written supplements, excellent readability, terrific examples, and balanced end-of-chapter material.
