Managerial Accounting
HarperCollins
Publishers
The Fifth Edition of
International
Accounting provides an
overview of the broadly
defined area of
international
accounting, but also
focuses on the
accounting issues
related to international
business activities and
foreign operations. This
edition also includes
substantially updated
coverage of the

International Accounting
Standards Board
(IASB) and
International Financial
Reporting Standards
(IFRS). The unique
benefits of this
textbook include its up-
to-date coverage of
relevant material,
extensive numerical
examples provided in
most chapters, two
chapters devoted to the
application of
International Financial
Reporting Standards
(IFRS), and coverage of
nontraditional but
important topics such as
strategic accounting
issues of multinational
companies, international
corporate governance,
and corporate social
responsibility reporting.

The Basis for Business
Decisions Richard d Irwin
The fifth edition of Modern
Database Management has
been updated to reflect the
most current database content
available. It provides sound,
clear, and current coverage of
the concepts, skills, and
issues needed to cope with an
expanding organisational
resource. While sufficient
technical detail is provided, the
emphasis remains on
management and
implementation issues
pertinent in a business
information systems
curriculum.

Introduction to Managerial Accounting, 4/e by Brewer/Garrison/Noreen is

based on the market-leading text, Managerial Accounting, by Garrison, Noreen and Brewer. However, this is not simply a briefer book with chapters removed; B/G/N has been rethought and retooled to meet the needs of the market. B/G/N 4/e is a more accessible, yet thoroughly student-friendly text that satisfies the basic needs of the managerial accounting student without unnecessary depth on advanced topics associated with the follow-up course: cost accounting/cost management. Faculty and students alike will find this new edition has retained the hallmark features of the Garrison brand: author-written supplements, excellent readability, terrific examples, and balanced end-of-chapter material.

As the long-time #1 best-seller, Garrison has helped guide close to 3 million students through

managerial accounting since it was first published. It identifies the three functions managers must perform within their organisations - plan operations, control activities, and make decisions - and explains what accounting information is necessary for these functions, how to collect it, and how to interpret it.

Garrison's Managerial Accounting is known for its relevance, accuracy, and clarity. It is also unique in that the authors write the most important supplements that accompany the book: solutions manual, test bank, instructor's manual, and study guide making them both of high quality and extremely consistent with the textbook.

Go beyond managerial accounting theory to the techniques used in management today.

Managerial Accounting: Making Decisions and Motivating Performance enables managers and business owners to attain the core skills they need to become integral members of their company's decision-making teams. This new program from established authors Srikant M. Datar and Madhav Rajan emphasizes decision-making and the effects of decisions. While many texts teach the theories and frameworks of management education, Managerial Accounting goes further by covering the capabilities and techniques necessary for effective

management practice, as well as fostering attitudes that typify integrity, honesty, and fairness.
