Accounting Houghton Mifflin
Authors Eric Noreen, Peter Brewer, and Ray Garrison have crafted a streamlined Managerial Accounting book that is perfect for non-accounting majors who intend to move into managerial positions by focusing on the fundamentals to develop the conceptual framework managers need to succeed. This is done by adhering to the three core standards: FOCUS Noreen/Brewer/Garrison pinpoint the key managerial concepts students will need in their future careers. With no journal entries or financial accounting topics to worry about, students can focus on the fundamental principles of managerial accounting. The manager approach in Noreen allows students to develop the conceptual framework needed to succeed, with a focus on decision making and analytical skills. RELEVANCE Building student interest with its insightful Business Focus vignettes opening each chapter, current In Business examples throughout the text, and tried-and-true end-of-chapter material, students will always see the real-world applicability of Noreen/Brewer/Garrison. BALANCE There is more than one type of business, and so Noreen/Brewer/Garrison covers a variety of business models, including nonprofit, retail, service, wholesale, and manufacturing organizations. Service company examples are highlighted with icons in the margins of the text. Accounting for Managers Vikas Publishing House

Revised edition of the authors' Managerial accounting, [2017]
Managerial Accounting McGraw-Hill Education (UK)
Accounting for Managers explains how accounting information is used by non-financial managers. The book emphasises the interpretation, rather than the construction, of accounting information and encourages a critical, rather than unthinking acceptance, of the underlying assumptions behind accounting. It links theory with practical examples and case studies drawn from real life business situations in service, retail and manufacturing industries.
Managerial Accounting McGraw Hill
The book provides comprehensive coverage of the course-content requirements of the students appearing for the paper 'Management Accounting' at the MBA and M.Com Examinations of different Indian universities and professional Institutions. The book has been divided into five convenient sections. Each section covers a different aspect of 'Management Accounting' with the subject divided into chapters covering different topics in a systematic and concise manner. A complete section comprising case problems with solutions makes the study of the subject more informative and interesting.
