textbook, now in its 14th edition, continues to provide an in-depth and insightful analysis of the modern theories and practices of Cost Accounting. That the book has gone into its 14th edition and several reprints is a testimony of its wide acceptance by the students, academics and professionals. Primarily intended for postgraduate and undergraduate students of Commerce and Management, the book will be of immense benefit to the students pursuing professional courses offered by the Institute of Chartered Accountants of India (ICAI), Institute of Cost Accountants of India (ICAI), Institute of Company Secretaries of India (ICSI), and those pursuing the Chartered Financial Analyst (CFA) course. Now, in its 14th edition, the book has been suitably revised meeting the latest syllabi requirement of various courses. The chapter on “Strategic Cost Management” has been updated to make it indispensable to modern management to

enhance the competitive advantage of the firm. Besides, many chapters have been overhauled and updated, especially the chapters covering basic concepts and terms, classification of costs and cost sheet, activity based costing, marginal costing, relevant cost analysis and management decisions, capital budgeting decisions, and cost audit. The book also includes some of the cost standards set by ICAI, a wide array of illustrations, worked-out examples, and practice exercises. Besides, a large number of MCQs are given online for the students to practice and self evaluation. MCQs are critical in proper understanding and practice of theories and concepts. Also, CIMA Official Terminology is provided online to keep students and professionals abreast of relevant terms used in today's business environment. The International Encyclopedia of Hospitality Management is the definitive reference work for any individual studying or working in the hospitality industry. There are 185 Hospitality Management degrees in the UK alone. This new edition updates and significantly revises twenty five per cent of the entries and has an additional twenty new entries. New online material makes it the most up-to-date and accessible hospitality management

encyclopedia on the market. It covers all of the relevant issues in the field of hospitality management from a sectoral level (lodging, restaurants/food service, time-share, clubs and events) as well as a functional one (accounting and finance, marketing, strategic management, human resources, information technology and facilities management). Its unique, user-friendly structure enables readers to find exactly the information they require at a glance – whether they require broad detail that takes a more cross-sectional view across each subject field or more focused information that looks closely at

specific topics and issues within the hospitality industry today.

**Information for creating and managing value, 8th Edition** Routledge

This book provides a comprehensive, authoritative, and thought-provoking examination of the ethical issues encountered by accountants working in the industry, public practice, nonprofit service, and government. Gordon Klein's, *Ethics in Accounting: A Decision-Making Approach*, helps students understand all topics commonly prescribed by state Boards of Accountancy regarding ethics literacy. *Ethics in Accounting* can be utilized in either a one-term or two-term course in Accounting Ethics. A contemporary focus immerses readers in real world ethical questions with recent trending topics such as celebrity privacy, basketball point-shaving, auditor inside trading, and online dating. Woven into chapters are tax-related issues that address fraud, cheating, confidentiality, contingent fees and auditor independence. Duties arising in

more commonplace roles as internal auditors, external auditors, and tax practitioners are, of course, examined as well.

*Cases in Cost Management* Cengage Learning The emphasis of *Managerial Accounting*, 9th edition is on teaching students to use accounting information to best manage an organization. The first edition of this book-Taxation in Ghana: A Fiscal Policy Tool for Development- is the product of considerable tax research from 1943 to 2018, spanning a period of 75 years and grounded in knowledge and concepts; as well as, applications through an extended period of tax practice, teaching and learning; combined with international exposure. A lot of insights have been illuminated based on lessons learned and drawn from other countries, including the United States of America to enrich the contents. Against the backdrop of the dynamic nature of taxation and fiscal policy. Most of the existing taxation books in Ghana focused on tax

practice. So, the purpose of this book is to bridge the taxation scholarship gap. In addition to traditionally-treated topics in most taxation books in Ghana, the novelty in this book is the inclusion of important topics on tax planning, tax reforms, and tax administration, and many more. As a result, specific recommendations have been proffered for the consideration of policy makers in developing countries. References and Acts of Parliament; supported by appendices have been provided for further studies on the subject. A true story of the first major oil discovery in Ghana by Mr. George Yaw Owusu with M. Rutledge McCall published 2017 in the United States of America: In Pursuit of JUBILEE was used to enrich the discussion on petroleum (Oil

Give your students a solid foundation in core accounting concepts while helping learners develop a true appreciation for why accounting is important to business and a prosperous society. Warren/Reeve/Duchac's FINANCIAL AND MANAGERIAL ACCOUNTING, 14E clearly demonstrates how accounting is much more than simply data and black and white rules. Instead, students see how accounting provides key information used to make critical business decisions. A new chapter schema provides context for how each chapter's content fits into the big picture. The book focuses on why accounting is important and consistently reinforces connections to the big picture by connecting journal entries to the accounting equation. Fresh organization progresses from the simplest to the more complex topics with reorganized and fully
