The second edition of Dr. Demski ' s book reflects his experiences teaching undergraduates, masters and doctoral students. He emphasizes economic fundamentals as the guiding foundation coupled with an artful application of those fundamentals. This applies to product costing, decision making and evaluation art. Dr. Demski has also removed a great deal of traditional minutiae, in order to keep this theme in constant focus. This thematic approach, in his experience, works in dramatic fashion, and stands in sharp contrast to more traditional presentations of this material. The book is not only for use as a textbook but also as a reference book.

Garrison - Your guide through the challenging waters of managerial accounting. For centuries, the lighthouse has stood as a beacon of guidance for mariners at sea. More than an aid to navigation, the lighthouse symbolizes safety, permanence, reliability, and the comforts of the familiar. For this reason, we have chosen to illustrate the Canadian eighth edition ofManagerial Accountingby Garrison, Chesley, Carroll and Webb with an image that encapsulates the greatest strengths of this market leading text. Garrison is your guide through the challenging waters of managerial accounting. It identifies the three functions managers must perform within their organizations—plan operations, control activities, and make decisions—and explains what accounting information is necessary for these functions, how to collect it, and how to interpret it. Managerial Accounting8ce focuses, now as in the past, on three qualities: Relevance, Balance and Clarity. The authors' steady focus on these core elements has led to tremendous results! As seafarers look to the lighthouse for direction along unfamiliar shore, so too can Garrison act as a compass for students seeking to master this course.

Managerial Accounting, Loose-Leaf Print Companion

This text is written as an integrated work in managerial accounting, and is intended for use as a basic text for students after completing a first semester or quarter course in financial accounting at either the undergraduate or graduate level. This text is organized around the following major areas of managerial accounting: An Overview of Managerial Accounting. In this section, the text discusses the uses of managerial accounting and contrasts the type and use of information provided by managerial accounting and financial accounting (Chapter 1). Chapter 2 focuses on basic cost information and behavior. In this chapter we distinguish between the different types of costs incurred by organizations. In addition, this chapter discusses the behavior of these costs with changes in activity as well as the effect of cost behavior on managerial decisions. Cost Accumulation. Chapters 3 through 5 illustrate the process through which the organization accumulates costs with its products and services. In Chapter 3, we focus on production and service processes that require different levels of effort across individual jobs (job-order costing). Chapter 4 illustrates the cost accumulation process for manufacturing environments characterized by the production of a large number of similar products (process costing). Chapter 5 focuses on the process through which overhead costs are accumulated with the organization's inventory and services. The dedication of an entire chapter to overhead costs is considered necessary given the importance of controlling overhead costs to organizations in manufacturing inventory and providing services. The Use of Managerial Accounting Information. Chapters 6 through 11 describe various uses of managerial accounting information. Topics discussed in these chapters include variable costing and costvolume-profit analysis (Chapter 6), standard costing and determination of variances (Chapter 7), budgeting (Chapter 8), responsibility accounting (Chapter 9), short-term managerial decisions (Chapter 10), and capital budgeting (Chapter 11). In these chapters, the basic principles of cost behavior and cost accumulation discussed in the preceding two sections are applied to important decisions facing managers in today's business world.
