Completely revised and restructured new edition, updated to make it applicable to the Financial Services Training Package. The new edition teaches and develops the accounting principles involved for evaluating costs of manufacturing and service industries.
Managerial Accounting McGraw-Hill/Irwin
Crosson/Needles, MANAGERIAL ACCOUNTING continuously evolves to meet the needs of today's learner. This edition's new structure is based on research about how to deliver content to students and how to mirror the way instructors have told us they teach! The authors have organized this edition into a NEW! Three Section Approach: The CONCEPTS section focuses on the overarching accounting concepts that require consistent reiteration throughout the course. The ACCOUNTING APPLICATIONS section helps students apply the accounting procedures with features like Apply It! and a new transaction analysis model. The BUSINESS APPLICATIONS section illustrates how concepts and procedures are used to make real business decisions.
