An Introduction to Business Accounting for Managers, Third Edition reviews developments in the business accounting arena, including the crystallization of accounting thought on how to deal with escalating rates of inflation, culminating in the proposals for Current Cost Accounting; the acute cash crisis, itself an offshoot of inflation, faced by many companies in the mid-1970s leading to a greater need for awareness and control of cash flow; the specter of several major company collapses and scandals leading to a growing demand for accounting standards; and the growing use of value added within accounting and reporting systems. This book is comprised of 17 chapters and begins with a discussion on the use and abuse of accounting, with emphasis on financial accounting and cost accounting, management's use of accounting, and the reliability of accounting service. The reader is then introduced to the principles of bookkeeping, marginal costing, and corporate taxation; accounting concepts and accounting standards; preparation of balance sheet and ascertainment of a company's profit or loss and financial position; and annual accounts of a limited company. A comparison of profit and cash flow is also presented, and the use of accounting as an aid to management planning and control is explained. This monograph will be a valuable resource for accountants and business and financial managers.

Managerial Accounting for Managers, 4th edition by Noreen/Brewer/Garrison is based on the market-leading managerial accounting solution, Managerial Accounting, by Garrison, Noreen and Brewer. The Noreen solution presents integrated and proven solutions designed to help attain course goals of student readiness, comprehension of content, and application of key concepts in the managerial accounting course, while addressing the needs of instructors who do not wish to teach the financial accounting-oriented content that is included in the Garrison solution (no debits/credits). Of the three programs in the Garrison franchise (the Brewer solution, the Garrison solution, and the Noreen solution), the Noreen solution is the most pure management accounting content. The other two programs contain greater coverage of financial accounting topics. Managerial Accounting for Managers 4e is geared towards professors who love Garrison's market-leading managerial accounting content but prefer to approach their course by eliminating the debits and credits coverage. The Noreen solution includes the managerial accounting topics such as Relevant Costs for Decision Making,

Capital Budgeting Decisions, and Segment Reporting and Decentralization, however, the job-order costing chapter has been extensively rewritten to remove all journal entries. Furthermore, the chapters dealing with process costing, the statement of cash flows, and financial statement analysis have been dropped to enable professors to focus their attention on the bedrocks of managerial accounting—planning, control, and decision making. McGraw-Hill's Connect Accounting offers a complete digital solution combines all the great features of Connect Accounting including McGraw-Hill's SmartBook, powered by LearnSmart, which is designed to help students learn faster and more efficiently, and retain more knowledge for greater success. In addition, Interactive Presentations deliver learning objectives in an interactive environment, giving students access to course-critical content anytime, anywhere. Guided Examples provide students with narrated and animated, step-by-step walkthroughs of algorithmic versions of assigned exercises. Auto-Graded Excel Simulations, assignable within Connect Accounting, allow students to practice their Excel skills—such as basic formulas and formatting—within the context of accounting. These questions feature

animated, narrated Help and Show Me tutorials (when enabled), as well as automatic feedback and grading for both students and professors.
