Course Overview: Management/Managerial Accounting (undergraduate and MBA) The managerial accounting course follows financial accounting in a two-course sequence for first and second year business majors. It is found at both two and four year schools, as well as in MBA programs. The purpose of managerial accounting is to provide managers with information useful in planning and controlling the activities of a business. It deals with internal, rather than external information. Managerial accounting reports include budgets, performance reports, and analysis of economic alternatives such as make-or-buy decisions. [Managerial Accounting Irwin/McGraw-Hill](#)

This book is an adaptation of the successful US text Cost Management by Hilton, Maher and Selto, written specifically for an international audience. Major improvements include: Diverse and truly international examples of organizations - Examples used throughout the book are from all over the world and represent manufacturing, retail, not-for-profit, and service firms in many different countries. Completely restructured and rewritten text - The book has been rewritten, restructured and also shortened significantly to align content closer with international courses. Integral use of spreadsheets - Spreadsheet software is used for explaining techniques and making applications more realistic. In depth research - Summaries of international research studies that address important cost management issues have been updated and more references to recent research findings have been added. Intuitive explanation of accounting - The authors show directly how events impact the balance sheet and profit and loss account.

[Managerial Accounting: Creating Value in a Dynamic Business Environment McGraw-Hill/Irwin](#)

The emphasis of Managerial Accounting, 9th edition is on teaching students to use accounting information to best manage an organization. In a practice Hilton pioneered in the first edition, each chapter is written around a realistic business or focus company that guides the reader through the topics of that chapter. Known for balanced examples of Service, Retail, Nonprofit and Manufacturing companies, Hilton offers a clear, engaging writing style that has been praised by instructors and students alike. As in previous editions, there is significant coverage of contemporary topics such as activity-based costing, target costing, the value chain, customer profitability analysis, and throughput costing while also including traditional topics such as job-order costing, budgeting and performance evaluation.

Hilton/Maher/Selto (HMS) addresses traditional cost concepts, but makes cost accounting functional by focusing on measuring and managing costs. HMS maintains that, "Costs don't just happen," and with a pro-active approach toward costs, accountants can add value to an organization. The real-world approach of this text, including the use of focus companies and the accompanying focus sites, provides a realistic business environment, and aids in student comprehension and interest in the subject.

The Hilton/Maher/Selto/Sainty text holds the modern view that managers are active participants in cost minimization, management and control. Accountants are moving away from the traditional role of calculating and reporting results toward concentrating on the important tasks of timely analysis, interpretation, and communication of financial and related information. The text explores how cost accountants and managers create changes to increase value at lower cost. The First Canadian edition builds on the strengths of this market-leading US text. - Canadian examples have been integrated to reflect the economic, legal, and cultural environment unique to Canada. - Key content changes have been made to the chapter on capital budgeting (Ch. 14), the discussion of international transfer pricing, legal pricing practices and other specific topics. - Greater emphasis on current Canadian practice through revised examples and end-of-chapter material. This includes changes to many Cost Management in Practice feature boxes as well as the use of Canadian focus companies to reflect the Canadian business environment. - Canadian business statistics and information have been used wherever possible.
