Hospitality Law: Managing
Legal Issues in the
Hospitality Industry, Fifth
Edition takes an applied
approach to the study of
hospitality law with its
touchstone of compliance
and prevention. The book is
highly pedagogical and
includes many interactive
exercises and real world
cases that help students focus
on the practical application
of hospitality laws and model
their decision process to
avoid liability. As a result,
this book does look different
than others on the market as
the legal information

contained is carefully selected
to specifically correlate with
helping students understand
how to do the right thing,
i.e., it is not a comprehensive
book on the laws. Barth
immediately helps readers
learn about the legalities of
situations and work through
exercises – both individually
and in groups -- to effectively
apply them to hospitality
management situations.
Many instructors teach their
course from a very applied
perspective, which aligns with
Barth ' s approach.
