Are you not sure who's in and who's out in your Logic Games groups? Do you have trouble making your way through LSAT Reading passages in the allotted time? Are you always stuck between two answers in your Logical Reasoning questions? Then this book is for you! This guide shows the exact process that I use for every Logic Games, Logical Reasoning, and Reading Comprehension question, illustrated with a ton of thoroughly explained tricky LSAT questions."But Trevor,"

you say, "I already get free thoroughly explained tricky LSAT questions through Khan Academy." Not like this you don't! You see, unlike the (excellent, kind) people at Khan Academy, I know what it's like to take the LSAT in test conditions. It's how I scored a 175 on my own LSAT, and how I've taught innumerable students to score 165+, 170+, and even 175+ on their own. So, when I teach the LSAT, I teach it as I would have liked to learn it as a student. Not explained after the fact like I already know the correct answer, but how to approach a weird, crazy question like you've never seen its type before. I teach a step-by-step approach, from the first moment you see a question up until the moment that you victoriously choose the correct answer. It's the LSAT like you've never seen before, conquered with panache! Pineapple not included.
