Indira Parthasarathy calls Krishna a metaphor that fulfills all the dark and lurking desires in our deep Unconscious and represents the collective vision of the community as a whole. In his view Krishna cannot be judged by the moral yardstick set for others. Krishna's magical charm has always appealed to people of all generations. People from different

lifestyles have interpreted his ideologies based on their values. He exists in the imagination of the Indian people as the fountainhead of eternal energy, pranks and wisdom. His godfather-like relationship with the Pandavas, his political strategies and his solutions to various problems continue to impress us even in the twenty-first

century. Narada, the narrator of the novel, begins the story with Jara the hunter shooting an arrow at Krishna's feet in the aftermath of the Kurukshetra war. Narada's witticisms enhance the spirit of the story. He unfolds the life of Krishna as revealed to Jara by Krishna himself. The pranks of young Krishna played on the gopikas, his battle

with various evil forces, his role in the lives of the Pandavas and the part he played in the Kurukshetra war all these form interesting episodes in Krishna's life. Indira Parthasarathy's Krishna Krishna is more than the the lord's story as told in the Harivamsam, Sri Bhagavatam, Vishnu Purana and the Mahabharata. Here he is the hero, the

central figure around whom things happen unlike the Krishna of the epics. The novel gives us the essence of the Krishnavatara, revealing the surpassing love and compassion with which Krishna blesses all living things. The tale is told in a contemporary idiom, sparkling with reference to events and personalities across aeons. **Wolf Totem Penguin Books**

This book is based on a novel idea: that Mormons do theology. Doing theology is different from weighing history, deciding doctrine, or inspiring devotion. Theology speculates. It experiments with questions and advances hypotheses. It tests new angles and pulls loose threads. It reads old texts in careful and creative ways. Theology, in this sense, is not

an institutional practice. It has no force beyond the charity it demonstrates and it decides no questions beyond what the Brethren have settled. It is the work of individuals who, for its own sake, want to see what ideas about Mormonism may, at least for a time, fly. The Mormon Theology Seminar aims to promote such work. The Seminar is both unofficial and independent. It is scholarly in orientation and cooperative in practice. It focuses on organizing short-term, seminar-style collaborations that, over the span of a few months of intense discussion, consider specific questions about Mormon theology through

close readings of basic Mormon texts. This book makes public the papers that resulted from one such seminar. The result? A collective consideration on the relationship between faith and the word in Alma 32.
