The Treasury's Asset Protection Scheme to protect over £280 billion of Royal Bank of Scotland's financial assets against losses has, so far, only been partially successful in encouraging lending to creditworthy borrowers on the scale originally envisaged. The Scheme, launched in early 2009, initially involved two banks. RBS eventually put £282 billion of assets into the Scheme, while Lloyds Banking Group paid £2.5 billion to exit the Scheme in November 2009 and instead raised additional capital from

shareholders. The principal elements of the Scheme, particularly the first loss, were based on a robust assessment of incentives and on as complete information on the underlying assets as were available at the time. As part of the Scheme, Lloyds and RBS agreed lending targets. While both banks met targets for mortgage lending, there was a shortfall of £30 billion against targets for lending to business. Value for money in the longer term will depend heavily on incentives built into the Scheme to encourage good management of assets. Establishing a requirement for RBS to bear the first £60 billion of losses (a 'first loss') was crucial in providing the right incentive for the bank to manage its assets effectively. However, if the first loss is exceeded, RBS will have less financial incentive to avoid further losses although the bank considers it will still have a legal and moral obligation to manage the assets as best it can. The position of taxpayers would be particularly vulnerable if losses were to exceed about £73 billion

Guy Bourdin, who died in 1991, was a legend in the world of fashion photography. He was the

most radical and audacious photographer of his generation but his reputation has been surrounded in secrecy - he rarely allowed his photographs to appear outside the pages of French Vogue. No book of his work has previously been published. His estate was frozen by the courts until 1997, after which his son, Samuel, gained control of his work as a result of which this long-awaited book can be published. Bourdin was originally a painter and a friend of Man Ray. His fashion photographs began to incorporate his surrealist influences. Fashion photography became an arena for his personal obsessions. The results are as shocking and astonishing as any commercial photograph ever published. They were executed meticulously. Despite his intense eroticism, subversion and, as Cecil Beaton described, 'his grotesque little gamines', Beaton referred to him in 1975 as 'unquestionably the most interesting fashion photographer in Paris today'. His work was said to have represented 'the look of an era -glamorous, hard-edged, cleverly spiced with vulgarity.. .rich with implied narratives and strong erotic undercurrents'

that her vision might never return, Tessa feels like she has nothing left to be happy about. But when her grandparents place an ad in the local newspaper looking for a typist to help Tessa continue writing and blogging, an unlikely answer knocks at their door: Weston Ludovico, a boy her age with bright eyes, an optimistic smile...and no legs. Knowing how angry and afraid Tessa is feeling, Weston thinks he can help her. But he has one condition -- no one can tell Tessa about his disability. And because she can't see him, she treats him with contempt: screaming at him to get out of her house and never come back. But for Weston, it's the most amazing feeling: to be treated like a normal person, not just a sob story. So he comes back. Again and again and again. Tessa spurns Weston's "obnoxious optimism", convinced that he has no idea what she's going through. But Weston knows exactly how she feels and reaches into her darkness to show her that there is more than one way to experience the world. As Tessa grows closer to Weston, she finds it harder and harder to imagine life without him -- and Weston can't imagine life without her. But he still hasn't told her the truth, and when Tessa's sight returns he'll have to make the hardest decision of his life: vanish from Tessa's world...or overcome his fear of being seen. 100 Days of Sunlight is a poignant and heartfelt novel by
