Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you

gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.

The Four Stroke Dirt Bike Engine Building Handbook

In 2006, a small unavailing university auto racing team began building a racecar that would challenge the best engineering schools in the world. With fewer people and resources than any of the top competitors, the only way they were going to win was to push the limit, go for broke, and hope for more than a little luck. By the time

they got to the racetrack, they knew: In the fog of fierce competition, whether you win or lose, you learn the hardest lessons about engineering, teamwork, friendship, and yourself.

Engine Repair (A1). Al Reynolds

Life has gotten a bit boring
for Zuria Johnston, and with
the exception of her Friday
nights out with her best,
flamboyant friend, Chase,
and her job as a guidance
counselor, she seems to have
hit a rut. After a rough break-
up with her longtime
boyfriend, Manuel, her
prospects of finding a man
also seem pretty bleak. That

is, until she connects with her
poetic crush, Amir, and he
opens her eyes to a world of
romance and passion that she
didn't know existed. She
discovers what it feels like to
be loved as a real woman
should, and to overcome the
difficulties of being a young,
strong, black woman who is
afraid to have her heart
broken for a second time.
The thrill of new romance
seems to fill the emptiness in
her life, but her old life isn't
as easy to escape as she first
thought. Mistakes that she
thought she had left behind
threaten to undo everything
that she has begun to build in
this new chapter of her life,
but she isn't the only one
battling the demons of her
past. The poetic and
passionate Amir harbors
some dark secrets of his own,
and when the truth begins to
come out, the connection
between her two lovers, old
and new, may end her short
reign of happiness before it
ever fully begun. With love
from one man and sworn
vengeance from another,
Zuria is trapped in the
middle, trying desperately to

make her way through the tangled troubles of family, love, and happiness. The problem is, she might lose more than the man of her dreams. As this complex and spellbinding story reaches its peak, Zuria will have to risk mind, body, and soul for herself and the people she loves, but will that final risk mean achieving the life she'd always dreamed of? Or will she end up making the ultimate sacrifice?
