This book consists of two titles, which are the following: Book 1: In this guide, you will learn about all the basics of artificial intelligence. You'll learn what it is, how it works, and where it came from (or, in other words, how it all started). Aside from that, we'll dive into some data analytics and examples of artificial intelligence. We'll cover several steps in the analytical process, and see what it takes for artificial intelligence to be effective. Last but not least, safety and privacy issues will be brought to light, since today's age is full of hacking, spying, and theft. Therefore, it is mandatory that these devices and systems are kept safe and secure. Book 2: Many people have unanswered questions about artificial intelligence. Today, the majority of those questions will likely be answered. Concerns will be addressed, and examples will be given. This book starts off with a question and answer section about artificial intelligence. It then proceeds to cover specific artificially intelligent applications, such as chatbots and robotics. These pages will show details of things that puzzle many people's minds. But you won't be left in the dark and will enjoy the full benefits of this knowledge.

From world-renowned Brazilian writer Chico Buarque comes a stylish, imaginative tale of love, loss, and longing, played out across multiple generations of one Brazilian family. At once jubilant and painfully nostalgic, playful and devastatingly urgent, Spilt Milk cements Chico Buarque's reputation as a masterful storyteller. As Eulálio Assumpção lies dying in a Brazilian public hospital, his daughter and the attending nurses are treated—whether they like it or not—to his last, rambling monologue. Ribald, hectoring, and occasionally delusional, Eulálio reflects on his past, present, and future—on his privileged, plantation-owning family; his father's philandering with beautiful French whores; his own half-hearted career as a weapons dealer; the eventual decline of the family fortune; and his passionate courtship of the wife who would later abandon him. As Eulálio wanders the sinuous twists and turns of his own fragmented memories, Buarque conjures up a brilliantly evocative portrait of a man's life and love, set in the broad sweep of vivid Brazilian history.
