The in social media; big data 66 papers presented and spatio-temporal were carefully reviewed data in collaborative and selected from 116 environments/systems; submissions and focus collaboration techniques on topics such as: in data-intensive participatory sensing, computing and cloud crowdsourcing, and computing. citizen science; architectures, protocols, and enabling technologies for collaborative computing networks and systems; autonomic computing

Collaborate Computing: Networking, Applications and Worksharing McGraw Hill Professional
The great over-representation of young drivers in crashes and road fatalities is a serious public health problem that

exacts an unacceptable toll in human, social and economic terms. Young drivers account for about 27 per cent of driver fatalities across OECD countries, although people in the same age group represent only about 10 per cent of the population. Furthermore, between 20 and 30 per cent of total traffic fatalities result from crashes involving a young driver. Young male drivers' crash fatality rates are as much as three times those of young female drivers, and remain much higher even when adjusted to factor in their higher rates of exposure. In some countries, young males' relative risk, compared to that of other drivers, is increasing. The high levels of young driver risk result principally from factors of inexperience, age, and gender. This risk is aggravated by the circumstances under which many young people drive - young people, especially men, are over-represented in crashes at high speed, at night, with similarly aged passengers, involving alcohol, and often when not wearing seatbelts. There is no single solution. The goal of reduced young driver crashes must be pursued through a combination of countermeasures involving the licensing process, training and learning methods, enforcement, education and communication, and technology.

The financial crisis of 2008 and the emergence of various

scandals around the world sparked a movement towards greater transparency with international exchange of information in tax matters. Fully revised and updated, this book considers the emergence of a new global standard, the automatic exchange of information. Providing a comprehensive overview of the main developments, it analyses the structure and content of the various existing instruments and models, taking into account the most up to date developments.

Say It Like Obama and WIN!: The Power of Speaking with Purpose and Vision Zig-Zag

The Cambridge History of Religions in Latin America covers religious history in Latin America from pre-Conquest times until the present. This publication is important; first, because of the historical and contemporary centrality of religion in the life of Latin America; second, for the rapid process of religious change which the region is undergoing; and third, for the region's religious distinctiveness in global comparative terms, which contributes to its importance for debates over religion, globalization, and modernity. Reflecting recent currents of scholarship, this

volume addresses the breadth of Latin American religion, including religions of the African diaspora, indigenous spiritual expressions, non-Christian traditions, new religious movements, alternative spiritualities, and secularizing tendencies.

The Women's Revolution in Mexico, 1910-1953 University of Arizona Press

Aelred of Rievaulx possessed a personal charm which drew friends and disciples naturally to him. His own experience of human weakness in a worldly life at the court of King David of Scotland made him sensitive to the doctrine of charity which he found among cistercian monks. The Mirror of Charity gives us a solid theology of the cistercian life. Aelred's deep knowledge of Scripture, his joy in his brethren, and his love of Christ shine from every page. Because the divine nature is love, as the Bible tells us, directing our love to God-love conforms us to the image of God that has been lost through sin. All love, to Aelred, is a participation in God-love that leads us to union. The Mirror of Charity, written at the beginning of his monastic life, and Spiritual Friendship, written near its end, form a set. Together they demonstrate both the consistency of his teaching and his unswerving love of God in Christ.

Emma Anderson has everything
in her life worked out. She has
her perfect job in a Manhattan
empire, allowing her to live a
quiet and organized, safe
existence. A necessity to her after
a childhood filled with bad
memories, abuse, and a mother
who was less than useless. But,
with it comes a problem, one that
could derail everything she
thought she needed in her life.
Her promotion sends her straight
into the close employment of
young, gorgeous, playboy
billionaire Jacob Carrero with his
formidable reputation for being a
player. Stuck as his right-hand
man, every waking moment of
every single day, she realizes he
is exactly the type of person who
could drive her crazy, and not in a
good way. Like chalk and cheese,
he is everything she's not.
Compulsive, confident, laid back,
dominant, and fun, with a
seriously laid-back attitude to
casual sex and dating. Jake is the
only one with the ability to
steamroll over her manicured ice
maiden exterior, who is not
phased by the closed-in demeanor
and cool manners, but as much as
she wants to, letting him in is
another thing entirely. A past that
made her man wary and no desire
to ever let one close enough to
hurt her again, Jacob Carrero has
his work cut out. He is not
someone who takes NO for an
answer and will have to learn
how to break through if he wants
more than the mask she shows the

world. Jake needs to show her that even someone like him can change when that one girl that matters breaks through. Love-able sexy characters and deep emotional topics. Contains some mature, adult content and language.

Degangi Random House
Magic, sexual tension, high comedy, and intense drama move through an enchanted yet harsh autobiography, in the story of a young girl who leaves rural Puerto Rico for New York's tenements and a chance for success.

Marketing Digital Edward Elgar Publishing

This book reinvigorates the debate on the Mexican Revolution, exploring what this pivotal event meant to women. The contributors offer a fresh look at women's participation in their homes and workplaces and through politics and community activism. Drawing on a variety of perspectives, the volume illuminates the ways women variously accepted, contested, used, and manipulated the revolutionary project. Recovering narratives that have been virtually written out of the historical record, this book brings us a rich and complex array of women's experiences in the revolutionary and post-revolutionary era in Mexico.

The Carrero Effect

Academic Press

Darcie Wilder's literally show me a healthy person is a careful confession soaking in saltwater, a size B control top jet black pantyhose dragged over a skinned knee

and slipped into unlaced doc martens. Blurring the lines of the written word, literally show me a healthy person is a portrait of a young girl, or woman, or something; grappling with the immediate and seemingly endless urge to document and describe herself and the world around her. Dealing with the aftermath of her mother's death, her father's neglect, and the chaotic unspoken expectations around her, this novel is a beating heart at the intersection of literature, poetry, and the internet.

Darcie Wilder elevates and applies direct pressure, but the wound never stops bleeding.
