Mais do que nunca as empresas precisam se proteger de fraudes como corrupção, roubo e outras não conformidades. Ao mesmo tempo a regulamentação e fiscalização em várias áreas se tornam cada vez mais amplas e rígidas. A necessidade de ter um processo estruturado de compliance está crescendo, mas informações detalhadas das práticas sobre o tema ainda são escassas. Este livro aborda de forma prática e com uma linguagem de fácil entendimento uma visão holística de uma estrutura de compliance, tendências e desenvolvimentos atuais. Outro ponto que destacamos é a importância do Fator Humano no aspecto de Compliance e como aplicar no ambiente de governança das corporações. O livro conta com a colaboração de mais de 50 especialistas

com longa experiência, de diferentes setores e de (re)conhecimento internacional.

Comunicación oral e escrita Lulu Press, Inc Este libro desarrolla los contenidos del módulo profesional de Venta Técnica, del Título Profesional de Técnico en Actividades Comerciales, perteneciente a la familia profesional de Comercio y Marketing, según el Real Decreto 1688/2011, de 18 de noviembre, así como los añadidos con posterioridad por las distintas comunidades autónomas en sus respectivos currículos. La obra, estructurada en siete unidades, introduce al lector en la « venta compleja » (la que se aleja bastante del mero despacho de productos o de la venta en autoservicio), un tipo de venta especializada necesaria tanto en la comercialización de bienes industriales o en la de productos tecnológicos y de alta gama, como en la de servicios intangibles e inmuebles. Todos estos son tipos de venta que se apoyan en las técnicas de gestión comercial vía telefónica conocidas como telemarketing. Cada unidad consta de un breve texto introductorio y de un contenido explicativo posterior en el que el alumno podrá encontrar fotos, figuras, gráficos, documentos y mapas conceptuales. Además, el texto incluye gran cantidad de actividades propuestas y finales (tipo test, de comprobación, para completar, casos prácticos, visitas virtuales; tanto en grupo como individuales), que le ayudarán a completar su estudio de manera progresiva, y que le facilitarán el aprendizaje y la comprensión de los temas explicados. Por todo ello, esta obra es una eficaz y útil herramienta para alumnos, profesores y centros, así como para otros profesionales interesados en este apasionante tema.

Book & CD-ROM. While no book can replace a live model, this photographic guide to the human form provides an array of figures for those who do not have access to live models. The latest in the series, this guide features two new models and an entirely new collection of photographs. Posed in a variety of classical and modern positions, the models appear in a clear, clean environment that is void of distractions and enhances the figure. All of the high-resolution photographs were painstakingly edited and adjusted to yield all the nuances of the figures. The PC- and Mac-compatible companion CD-ROM contains 24 photographs per pose that, in total, comprise a full 360-degree view. Each angle of every pose can be enlarged, enabling artists to zoom in on specific body parts to discover their intricate detail or project the photos to lifelike proportions. The CD also offers the flexibility of numerous viewing options -- on a computer screen, printed out, projected for a group, or via a high-definition television when connected through a computer.

The story of The Usual Suspects has the kind of "rags to riches" back story that makes not

only the film itself, but the tale of its creation a tale worth telling. Inspired by a magazine headline, it was a poster before it was a screenplay, yet it stands in opposition to the High Concept Hollywood movie. Studying *The Usual Suspects* is an analysis of a film that is both a ripping yarn and an exercise in virtuoso technique. Author Judith Gunn offers: a thorough introduction to semiotics as a way of approaching the multiple meanings of the film; a consideration of the film's noir antecedents and influences; a discussion of the film's playful approach to narrative; an overview of John Ottman's unique role as both composer and editor and how this affects the finished article, including a shot-by-shot analysis of the dramatic and mysterious opening sequence; and a definitive account of the film's genesis from idea to film festival acclaim.
