AN ESSENTIAL GUIDE TO THE DARK TOWER SERIES—INCLUDING BOOK-BY-BOOK ANALYSIS AND INSIGHT INTO STEPHEN KING'S CREATIVE PROCESS. In 1970, Stephen King embarked on what would become the crowning achievement in his literary career—the Dark Tower. The seven-volume series, written and published over a period of 30 years, was inspired by Robert Browning's poem "Childe Roland to the Dark Tower Came," as well as J.R.R. Tolkien's *The Lord of the Rings*, and the spaghetti Westerns of Sergio Leone. With the full cooperation of Stephen King himself, *The Road to the Dark Tower* examines the epic journey of the author to complete a story that threatened to overwhelm him. In this indispensable companion, Bev Vincent presents a book-by-book analysis of each volume in the series, tracing the Dark Tower's connections to King's other novels including *The Stand*, *Insomnia*, and *Hearts in Atlantis*, and offering insights from the author about the creative process involved in crafting his lifelong work—a work that has consumed not only Stephen King, but his legion of devoted readers.
