Voices Within was first written as a speech in the hopes that one day I can be a spokes person for those suffering with a mental disorder. The book quickly took foot as I began to describe my childhood and all the emotions, anger, anxiety, turmoil that I have been facing in life and it began to come out on paper that I just could not stop writing about what was inside penned up for all those years. This is a story of love, heartache, disappointments, God, relationships and family. Everything bundled into one. A real and true life

story of struggles, pain and coping with mental illness. With a recurring theme of the affects and aftermath of being verbally and emotionally abused. The book speaks out about the consequences and the impact abuse can have on ones life. With a quest to find true love in this harsh and often cruel world.

As U.S. and Canadian automakers and dealers face bankruptcy and Toyota battles unprecedented quality-control problems, Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. Phil Edmonston, Canada's automotive "Dr. Phil" for more than 40 years, pulls no punches. In this all-new guide he says: Chrysler's days are numbered with the dubious help of Fiat. Electric cars and ethanol power are PR gimmicks. Diesel and natural gas are the future. Be wary of "zombie" vehicles: Jaguar, Land Rover, Saab, and Volvo. Mercedes-Benz -- rich cars, poor quality. There's only one Saturn you should buy. Toyota -- enough apologies: "when you mess up, 'fess up."
