Commonly used throughout the world, manual lifting tasks—whether simple or complex—all involve variable loads, postures, and movements. This practical guide discusses how to analyze the intricate lifting function and prevent injury during its execution. Outlining revised NIOSH Lifting Equation (RNLE) methods, the book illustrates their use in assessing manual lifting tasks of varying degrees of difficulty. Using examples to reinforce presented concepts, it explains how RNLE methods can be applied to evaluate single, composite, variable, and sequential lifting tasks. It also explores how to interpret and apply the results according to international standards and guidelines.

A look at the revolution in game live streaming and esports broadcasting Every day thousands of people broadcast their gaming live to audiences over the internet using popular sites such as Twitch, which reaches more than one hundred million viewers a month. In these new platforms for interactive entertainment, big esports events featuring digital game competitors live stream globally, and audiences can interact with broadcasters—and each other—through chat in real time. What are the ramifications of this exploding online industry? Taking readers inside home studios and backstage at large esports events, Watch Me Play investigates the rise of game live streaming and how it is poised to alter how we understand media and audiences. Through extensive interviews and immersion in this gaming scene, T. L. Taylor delves into the inner workings of the live streaming platform Twitch. From branding to business practices, she shows the pleasures and work involved in this broadcasting activity, as well as the management and governance of game live streaming and its hosting communities. At a time when gaming is being reinvented through social media, the potential of an ever-growing audience is transforming user-generated content and alternative distribution methods. These changes will challenge the meaning of ownership and intellectual property and open the way to new forms of creativity. The first book to explore the online phenomenon Twitch and live streaming games, Watch Me Play offers a vibrant look at the melding of private play and public entertainment.

While some of us enjoy a lively debate with colleagues and others prefer to suppress our feelings over disagreements, we all struggle with conflict at work. Every day we navigate an office full of competing interests, clashing personalities, limited time and resources, and fragile egos. Sure, we share the same overarching goals as our colleagues, but we don't always agree on how to achieve them. We work differently. We rub each other the wrong way. We jockey for position. How can you deal with conflict at work in a way that is both professional and productive—where it improves both your work and your relationships? You start by understanding whether you generally seek or avoid conflict, identifying the most frequent reasons for disagreement, and knowing what approaches work for what scenarios. Then, if you decide to address a particular conflict, you use that information to plan and conduct a productive conversation. The HBR Guide to Dealing with Conflict will give you the advice you need to: Understand the most common sources of conflict Explore your options for addressing a disagreement Recognize whether you—and your counterpart—typically seek or avoid conflict Prepare for and engage in a difficult conversation Manage your and your counterpart's emotions Develop a resolution together Know when to walk away Arm yourself with the advice you need to succeed on the job, with the most trusted brand in business. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

Manual Materials Handling MMH creates special problems for many different workers worldwide. Labourers engaged in jobs which require extensive lifting/lowering, carrying and pushing/pulling of heavy materials have suffered increasing rates of musculo-skeletal injury, especially to the back.; This guide is intended to include all activities involved in MMH lifting, pushing, pulling, carrying and holding. Recommendations are provided in the form of design data that can be used to design different MMH work activities. The guide is divided into two parts. Part I outlines the scope of the problem, discusses the factors that influence a person's capacity to perform MMH activities and / or should be modified to reduce the risk of injuries, and reviews the various design approaches to solving the MMH problem. Part II provides specific design data in six distinct chapters. The seventh chapter of Part II of the guide describes various mechanical devices that are available to aid MMH activities.; The guide is aimed at all concerned with the health impact of MMH activities; occupational health and safety workers; senior human resource managers; ergonomists; workers' compensation lawyers; union representatives.

[Epidemiology and Prevention of Vaccine-Preventable Diseases, 13th Edition E-Book](#) John Wiley & Sons  
Written as a companion to the bestseller, Restoration Agriculture, this book will help farmers capture water in areas they want to, and avoid having water flow immediately to the low point. The result? Less water expense, healthier crops and livestock, and less erosion ... just to name a few. What you will read in this book is a distillation of over 25 years of on-the-ground experience working with and modifying the Yeomans' Keyline Plan. From the back yard suburbs to 10,000-acre ranches and everywhere in between, from permafrost mountainsides just shy of the Arctic Circle, to equatorial boulder fields of East Africa, areas with 300 inches of rain per year to those with less than 3 inches, I have personally installed systems based on the Keyline design methodology and its modified forms.What you will read in this book is tried and true. It is intended to give a sufficient background to any landowner so that they can optimize their water resource for higher site productivity, have greater

drought resistance and just as importantly, to know deep in their heart that they have made even one little piece of earth a little more life-filled, livable and green.

The Control of Communicable Diseases Hodder Education

Each year in America, 2 Million criminals break into homes just like yours. Is your aim good enough to guarantee your family's safety?This book has been teaching responsible gun owners the same effective techniques that created the world's deadliest snipers. Are you a health professional who wants to feel confident about the manual handling solutions you offer people with disabilities and their caregivers? At long last there is a book that provides a framework for health professionals for solving complex manual handling problems. The Manual Handling Revolution offers simple yet powerful insights into how we think about manual handling, and guides you through a process for changing that thinking to achieve creative solutions for people with disabilities and their caregivers. In this book you will discover: - how to objectively evaluate equipment options to find the best solution to a problem - how to get the best out of equipment solutions you already use to eliminate manual handling - how to achieve a win-win outcome for the person with disabilities and their caregivers - a method for you to feel confident as a professional in the solutions you recommend - a systematic framework for understanding the manual handling assessment process. If you aspire to excellence in manual handling and want to make a positive impact on the lives of people with disabilities and their caregivers, this book is for you.

**Manual Lifting** Princeton University Press

It is virtually impossible to feel connected and supported in life when you don’t feel that way where you spend most of our time—at work. In The Business of Friendship, friendship expert Shasta Nelson unpacks the distinct ways we can make work relationships the healthiest they can be, both for the sake of the employee and the mission of the company. She inspires readers to see why friendship is crucial to our health and our careers, and teaches us exactly how to develop the supportive and meaningful connections we need. Our organizations benefit as friendships at work result in higher levels of workplace productivity, employee retention, safety, innovation, collaboration, and profitability. In having a best friend at work, we are seven times more engaged in our job, which translates to better customer service, less absenteeism, fewer workplace accidents, and more loyalty to our organizations. Through Shasta’s stories, research, and practical guidance, she: Breaks down what creates healthy bonds and reveals the 3 requirements necessary in all healthy relationships and teams. Helps managers and employees assess the health of their relationships and learn ways to repair and improve them. Provides advice for addressing some of the biggest fears around workplace friendships, such as increased drama, favoritism, confidentiality, gossip, toxic coworkers, relationship with bosses, and potential romantic attractions. The Business of Friendship is for those who are ready to maximize the two most significant factors of our wellbeing—career and relationships. Whether you are a leader or an employee, when you feel more connected and supported at work, everyone wins.

*Essential Clinical Skills in Nursing* Ballantine Books

From the creator of the popular website Ask a Manager and New York’s work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There’s a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don’t

know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You’ll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you’re being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate’s loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green’s] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

THE MUST-READ MULTIMILLION BESTSELLING MYSTERY SERIES • Everyone is talking about A Good Girl's Guide to Murder! With shades of Serial and Making a Murderer this is the story about an investigation turned obsession, full of twists and turns and with an ending you'll never expect. Everyone in Fairview knows the story. Pretty and popular high school senior Andie Bell was murdered by her boyfriend, Sal Singh, who then killed himself. It was all anyone could talk about. And five years later, Pip sees how the tragedy still haunts her town. But she can't shake the feeling that there was more to what happened that day. She knew Sal when she was a child, and he was always so kind to her. How could he possibly have been a killer? Now a senior herself, Pip decides to reexamine the closed case for her final project, at first just to cast doubt on the original investigation. But soon she discovers a trail of dark secrets that might actually prove Sal innocent . . . and the line between past and present begins to blur. Someone in Fairview doesn't want Pip digging around for answers, and now her own life might be in danger. And don't miss the sequel, Good Girl, Bad Blood! "The perfect nail-biting mystery." —Natalasha Preston, #1 New York Times bestselling author
