**Mazda 626 and MX-6 Four Wheel Drive, 1983-1992** Dundurn

A travel series unlike any other, Insight Guides go beyond the sights and into reality. Their incomparable photojournalistic approach captures the uniqueness of each culture they cover: their traditions, their arts, their history, their lives. The stunning photography is married to compelling text, written by local writers; the people most qualified to convey their culture's secrets. Yes, Insight Guides will tell you which attractions to visit, but they'll also tell you a whole lot more. From the most popular resort cities to the world's most remote and exotic villages, Insight Guides will give you the insider's perspective you need to truly experience any destination you visit. Insight Guides serve many purposes. They are ideal for planning a trip. And, they're wonderful souvenirs to treasure for years after. Even the armchair traveler can be swept away by their magnificent content and experience the world from the comfort of home. Many international and domestic destinations also offer companion FlexiMaps, an innovative laminated folding map specially designed for the discriminating traveler.

**Mazda 626, MX-6 & Ford Probe 1993-98 Shop Manual** Haynes All models. Sftbd., 8 1/4"x 1 3/4", 32 pgs., 768 b&w ill.

**Mazda 626 & MX-6, Ford Probe (1993-1998) Automotive Repair Manual** Morgan James Publishing As Toyota skids into an ocean of problems and uncertainty continues in the U.S. automotive industry, Lemon-Aid Used Cars and Trucks 2011-2012 shows buyers how to pick the cheapest and most reliable vehicles from the past 30 years. Lemon-Aid guides are unlike any other car and truck books on the market. Phil Edmonston, Canada's automotive Dr. Phil for 40 years, pulls no punches. Like five books in one, Lemon-Aid Used Cars and Trucks is an expos of car scams and gas consumption lies; a do-it-yourself service manual; an independent guide that covers beaters, lemons, and collectibles; an archive of secret service bulletins granting free repairs; and a legal primer that even lawyers can't beat! Phil delivers the goods on free fixes for Chrysler, Ford, and GM engine, transmission, brake, and paint defects; lets you know about Corvette and Mustang tops that fly off; gives the lowdown on Honda, Hyundai, and Toyota engines and transmissions; and provides the latest information on computer module glitches.

**How to Build a Bike** Haynes Publishing

A reissue of the 1986 revised and illustrated edition of the 1963 title which takes the story of Australia up to 1986. Chapters cover Aborigines and the 200 years of white settlement in an often controversial narrative. Clark also wrote the six-volume TA History of Australia. Includes notes and an index.

**Zinn and the Art of Mountain Bike Maintenance** Cengage Learning

Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. U.S. automakers are suddenly awash in profits, and South Koreans and Europeans have gained market shares, while Honda, Nissan, and Toyota have curtailed production following the 2011 tsunami in Japan. Shortages of Japanese new cars and supplier disruptions will likely push used car prices through the roof well into 2012, so what should a savvy buyer do? The all-new Lemon-Aid Used Cars and Trucks 2012-2013 has the answers, including: More vehicles rated, with some redesigned models that don't perform as well as previous iterations downrated. More roof crash-worthiness ratings along with an expanded cross-border shopping guide. A revised summary of safety- and performance-related defects that are likely to affect rated models. More helpful websites listed in the appendix as well as an updated list of the best and worst "beaters" on the market. More "secret" warranties taken from automaker internal service bulletins and memos than ever.

**Mazda 626 Haynes Manuals**
