TDL 2015-2016 Catalogue

Springer

Digital video cameras have become more affordable and reliable than ever, and with the help of former television producer, editor, and cameraman Colin Barret, new owners of this hot technology can produce a memorable video right at home. Barret offers the fruits of his expertise in a thorough, practical introduction that covers it all. In addition to advice on choosing a camcorder and tips on getting the most out of its features,

illustrated tutorials explain how to shoot creatively and master techniques such as point-of-view, close-ups, cutaway shots, and effective lighting. Spice up the sound by incorporating audio tracks, and find out how to create special effects. There's even a detailed description of how to set up a fully functional home editing suite.

With many colour images and easily comprehensible diagrams, The Digital Video Manual provides an essential port of call for anyone

looking to make their first video, or take their production to a new level of expertise.

IMovie HD & IDVD 5 Pogue Press Clinical Manual of Geriatric Psychiatry provides the most current information on psychiatric diagnoses seen in older patients in a concise format. Each chapter is broken into easily understandable, increasingly focused sections, and contains an extensive array of tables, references, and suggested readings. Chapters include clinically relevant information and evidence-based treatments for a wide range of topics and disorders: The psychiatric

interview of older adults, including history, family assessment, mental status examination, rating scales and standardized interviews, and effective communication techniques. Psychopharmacology, including information on antidepressants, psychostimulants, antipsychotic medications, mood stabilizers, anxiolytics and sedative-hypnotics, and cognitive enhancers. Diagnosis and treatment of delirium, dementia, mood disorders, schizophrenia, anxiety disorders, sleep disorders, and substance use disorders, including coverage of definition, epidemiology, clinical features, risk factors, diagnosis and differential diagnosis, prevention and management, and treatment guidelines. Individual and group psychotherapy strategies, including individual and group-based cognitive-behavioral therapies, interpersonal psychotherapies, relaxation training, cognitive stimulation therapy, and behavioral therapies. Clinical psychiatry in the nursing home, with a focus on cognitive disorders and behavioral disturbances, depression, treatment progress in this setting, and relevant federal regulations. Written by experts in geriatric psychiatry, this clinical manual provides a much-needed "field guide" for the care of nursing home patients and older adults. Busy clinicians, as well as researchers, residents, fellows, clinical

psychologists, and social workers, introduction to the rapidly

iMovie 4 & iDVD Lark Books

Are you an associate producer who needs to juggle projects and vendors while keeping on top of the latest trends and formats? Or an independent filmmaker who can't afford a misstep in the crucial postproduction phase? Take a step back and get a clear overview of

the process. This guide will show you how to navigate each step in taking a TV or film project from production to final delivery. Start by getting a handle on the critical issues of budgets and schedules. From there, you'll learn the smoothest way to manage dailies, sound, editing, and completion. Detailed instructions and checklists for film, video, and High Definition procedures will teach you new ways of doing things and help you avoid costly errors. The second edition is fully updated and information-packed. There is extensive new material on high definition as it affects dailies, editing, and delivery. The chapter on the film laboratory has been expanded further to include discussions on troubleshooting film damage and YCMs, which are so important in maintaining film assets. The latest information on film restoration, digital technologies, acquisitions, and a chapter on what's on the horizon round out the update. *Sound & Vision* "O'Reilly Media, Inc." Provides lists of selling prices of items found on eBay in such categories as antiques, boats, books, cameras, coins, collectibles, dolls, DVDs, real estate, stamps, tickets, and video games. *Popular Photography* As traumatic events, disasters, and war pervade

everyday life around the globe, posttraumatic stress disorder (PTSD) inevitably affects many people. The Clinical Manual for Management of PTSD provides clinicians with the latest information on PTSD. In 16 well-organized, accessible chapters, world leaders in research on epidemiology, neurobiology, psychotherapy, psychopharmacology, and other somatic therapies outline the most up-to-date evidence-based approaches to assessment and management of patients with PTSD. This practical guide covers modalities for therapeutics and management ranging from pharmacotherapy to cognitive processing therapy to virtual reality exposure therapy. It can be used as a complete text for residents and students to gain a solid understanding of PTSD and current treatment modalities, or as a desktop reference for experienced clinicians in daily practice to consult for specific information. The Clinical Manual for Management of PTSD provides clinicians and students with a consolidated

and thoughtful reference that can be used to complement and enhance their everyday practice. This book bridges the gap between the research community and the clinician by providing a comprehensive resource of clinically relevant information on PTSD.
