iMovie '11 & iDVD: The Missing Manual

From low budget short film schemes to multi-million dollar international co-productions, this is a vital reference guide for producers, filmmakers, financiers, and their advisors, now fully updated by 40 experts from across the globe. The practice of raising finance is addressed from the basic details to broader concepts and approaches, and information on the incentives and tax breaks offered by 50 countries is included. This resource is packed with invaluable information including details on more than 1,000 funding awards, a glossary of 400 entry film business terms, and a table of co-production treaties. Dozens of original case studies are provided as examples of successful fundraising approaches, as are interviews with such noted film personnel as Oscar-winning producer Jeremy Thomas, Paul Haggis--writer for *Crash* and *Million Dollar Baby*--and Jim Gilliam, who raised \$300,000 via the web. Packed with valuable contacts, helpful ideas, and decades of experience, this is the complete guide to funding your next big hit.

The New Chinese Documentary Film Movement is a groundbreaking project unveiling recent documentary film work that has transformed visual culture in China, and brought new immediacy along with a broader base of participation to Chinese media. As a foundational text, this volume provides a much-needed introduction to the topic of Chinese documentary film, the signature mode of contemporary Chinese visual culture. These essays examine how documentary filmmakers have opened up a unique new space of social commentary and critique in an era of rapid social changes amid globalization and marketization. The essays cover topics ranging from cruelty in documentary to the representation of Beijing; gay, lesbian and queer documentary; sound in documentary; the exhibition context in China; authorial intervention and subjectivity; and the distinctive "on the spot" aesthetics of contemporary Chinese documentary. This volume will be critical reading for scholars in disciplines ranging from film and media studies to Chinese studies and Asian studies.

Digital Buying Guide 2004 Hardkernel, Ltd

The *Winners Manual: For the Game of Life* shares Ohio State football coach Jim Tressel's "Big Ten" fundamentals for success: Attitude, Discipline, Faith, Handling Adversity & Success, Excellence, Love, Toughness, Responsibility, Team, and Hope. Peppared with personal stories from Coach Tressel's storied coaching career, this book shares the fundamental lessons that he has been imparting to his players and coaching staffs for the past 20 years. A perfect blend of football stories, spiritual insights, motivational reading, and practical application, *The Winners Manual* provides an inside look at the core philosophy that has positively impacted the lives of thousands of student athletes and served as the foundation for two of the most successful college football programs of all time. Includes 8 pages of color photos and a foreword from NYT best-selling author John Maxwell. All of the proceeds from the book are being donated directly to the William Oxley Thompson Memorial Library Renovation Campaign. Other features: Each chapter closes with a practical application section, where readers will be "coached" on how they can apply the lessons imparted throughout the book to their own lives, via the establishment of measurable goals. Provides a rare inside glimpse into the mind of one of the most respected coaches in college football history and into the huddle of one of the most successful football programs of all time. Filled with hundreds of inspirational stories, quotes and anecdotes.

ODROID-XU4 User Manual CRC Press

Bursting with new features, Apple's iMovie '09 is vastly more usable and complete than iMovie '08 -- amazing right out of the box. But the box doesn't include a good user's guide, so learning these applications is another matter. iMovie '09 and iDVD: The Missing Manual gets you up to speed on everything you need to turn raw digital footage into highly creative video projects. You get crystal-clear, jargon-free explanations of iMovie's new video effects, slow & fast motion, advanced drag & drop, video stabilization, and more. Author and New York Times tech columnist David Pogue uses an objective lens to scrutinize every step of process, including how to: Organize your videos just like your photos, and precisely edit with ease Work on multiple iMovie projects at once and drag & drop clips among them Integrate with other iLife programs to use songs, photos, and an original sound track Output your creation to a blog, its own web page, or as a video podcast with iWeb Understand basic film techniques to improve the quality of the video you bring to iMovie From choosing and using a digital camcorder to burning the finished work onto DVDs, posting it online, or creating versions for iPod and iPhone, iMovie '09 & iDVD: The Missing Manual helps you zoom right in on the details. Tibet's Secret Mountain "O'Reilly Media, Inc."

For Chris Bonington and Charles Clarke, long-time friends and expedition partners, few mountains were more alluring than Sepu Kangri. Known locally as 'the Great White Snow God', Tibet's nearly 7,000-metre mountain had never before been visited by Westerners. Armed only with a tourist map for reference, the two set off for this elusive peak in 1996. In the reconnaissance and two expeditions that followed, neither of them were expecting to be profoundly impacted by their experiences. However, they not only met their match in Sepu Kangri, but both found their expertise pushed to the limit. While Clarke acted as a travelling doctor,

treating myriad ailments encountered along the way, including a life-saving diagnosis of an ectopic pregnancy, Bonington's love of technology saw him testing out cutting-edge satellite phones and computers, allowing them to communicate with the outside world for the first time on an expedition. *Tibet's Secret Mountain* is a story of discovery as much as it is an account of the expeditions, and it is this that sets it apart from other mountaineering memoirs. The focus not only on the climbing itself, but the experiences, people and tensions that accompany it, offers a poignancy that anyone with a love of adventure will identify with. Beautifully written and full of unflinching cheer, *Tibet's Secret Mountain* is Bonington and Clarke's love letter to mountaineering.

The Data Science Design Manual "O'Reilly Media, Inc."

Apple's video-editing program is better than ever, but it still doesn't have a printed guide to help you get started. That's where this gorgeous, full-color book comes in. You get clear explanations of iMovie's impressive new features, like instant rendering, storyboarding, and one-step special effects. Experts David Pogue and Aaron Miller also give you a complete course in film editing and DVD design. Edit video like the pros. Import raw footage, add transitions, and use iMovie's newly restored, intuitive timeline editor. Create stunning trailers. Design Hollywood-style "Coming Attractions!" previews for your movies. Share your film. Distribute your movie in a variety of places--on smartphones, Apple TV, your own site, and with one-click exports to YouTube, Facebook, Vimeo, CNN iReport, and MobileMe. Make DVDs. Design the menus, titles, and layout for your DVDs, and burn them to disc. This book covers version 9 of Apple's iMovie software.
