The Prettiest is an incisive, empowering novel by Brigit Young about standing up for yourself and those around you. “All middle school girls AND boys (especially boys!) should read this book.” —Alan Gratz, New York Times—bestselling author of Refugee THE PRETTIEST: It’s the last thing Eve Hoffmann expected to be, the only thing Sophie Kane wants to be, and something Nessa Flores-Brady knows she’ll never be . . . until a list appears online, ranking the top fifty prettiest girls in the eighth

grade. Eve, ranked number one, can't ignore how everyone is suddenly talking about her looks—and her body. Sophie, always popular and put together, feels lower than ever when she's bullied for being number two. Nessa isn't on the list at all, but she doesn't care. Or does she? Eve, Nessa, and Sophie are determined to get justice—or at least revenge. But as these unlikely vigilantes become fiercely loyal friends, they discover that the real triumph isn't the takedown. It's the power that comes from lifting one another up. A Chicago Public Library Best

In the country, holidaymakers were a rarity. The railways could take you almost anywhere, but it was only the middle classes who went. So there were no crowds, and many of our pictures show tourist hotspots before they were hot, before there was any

such thing as a car park. The text provides local knowledge and background to the photographs and is an enjoyable read in itself, but the real pleasure is in seeing Brighton, Margate, Scarborough, Broadstairs, Clovelly, Ilfracombe, Minehead, before it all happened. See Exmoor, the White Peak, Somerset, when the loudest noise was the click of the camera shutter.

The Occult War - The Judeo-Masonic Plan to Conquer the World
"Emmanuel Malynski spent thirty years of his life

directly observing the development of the modern revolutionary movement around the world, devoting an almost visionary intelligence and clear-mindedness to this task.
...From our mutual collaboration this book has sprung, which explores the secret history of subversion, a terrifying history that has never been written before, but which is starting to come to light." - Leon de Poncins, from the Foreword "One of the great merits of this work is that it emphasises the metaphysical essence of the revolutionary movement, by

showing how that which is being fought nowadays is not so much a political and social war as a religious one - a battle between two supra-national fronts more than one for the interests of individual nations, races, or parties; that what we are witnessing today, then, is a possibly decisive phase in the clash between two antagonistic worldviews, with more than simply human forces at work on both sides. Hence, this is not merely a book of rebuke and anti-Semitic or anti-Masonic polemic: rather it directly or indirectly offers the reader many cues to

develop a positive, constructive, or re-constructive orientation focused on the essential rather than the accessory, and devoid of any attenuation." - Julius Evola, from the Introduction The original edition of this book was published in French in Paris in 1936. The Italian traditionalist philosopher Julius Evola translated the book into Italian, and published it 1939, adding his own Introduction and an additional chapter after an agreement with de Poncins. This translation is based on both editions, including Evola's Introduction and

chapter as well. Evola also made a number of interesting alterations to the text, occasionally adding, removing, or rewriting small parts of the French original. We have noted these changes in the footnotes, as they offer an insight into the different ways in which de Poncins and Evola approached the same issues. Included in this edition is also two appendices: Evola's essay 'Considerations on the Occult War', which is a 1938 essay on this topic; and a review of the French edition of the book that was published by the first

traditionalist philosopher, Rene Guenon, in 1936."
