With amazing low-light capabilities,
incredible definition, intelligent autofocus
and a host of other features, digital cameras
have now become so powerful that they
have left their users behind. Most
photographers can take competent shots in

a range of conditions, or fix imperfect
exposures in Photoshop or Lightroom, but
very few have the skill to push their cameras
to the limit and capture the perfect shot,
under all conditions, with no post-processing
required. In Camera is the perfect way to
take your photography to that level; to
master your camera, understand light,
exposure and composition, and make
amazing photographs, whatever your
camera, without cheating after the event.
One hundred of Gordon's beautiful photos
are given with his own expert commentary;
full settings and camera details are included,
and a host of tips and tricks let
photographers of any level learn something
from every example. The shots are taken
with a wide range of cameras, and the
emphasis is on getting results by improving
your own skills, not wasting money on
expensive equipment.
