Teachers' Manuals. These

Teachers' Manuals correspond

to the previous versions of

our textbooks. We only made

slight revisions to the

textbooks, so for the most

part these teachers' manuals

are still valid. If you are

new to group piano teaching,

you will probably find them

helpful. We recommend that

you also have your own copy

of the student textbook pages, so you will be aware when the teacher's manual differs slightly from the material you are giving your students.

The first thing we'll do is break the piano  
down into more manageable chunks. If you  
look closely at the keyboard, you'll see that  
there is actually a pattern to how the keys are  
laid out. They're laid out in such a way that  
after 12 keys the notes repeat themselves. We  
call this sequence of 12 keys an Octave.

### **Fundamentals of Piano Practice**

This style of lesson is designed for a student to  
learn on a keyboard using headphones. The  
lesson is conducted with a mix of group  
teaching and individual student-teacher time.
