The Great Cars series returns with an in-depth look at the 1963 Lightweight Jaguar E-type, chassis number 49 FXN. This Porter Press series selects individual vehicles that stand out in the racing world, and commits to a full biography of them. This luminary among Jaguar Lightweight E-types made its race debut at the Nurburgring, freshly modified for aerodynamics and with an incredible engine developed by masterminds Dr. Samir Klat and Prof. Harry Watson. Peter Lumsden and Peter Sargent proved its high-speed potential by running third in the GT class at Le Mans the next year, and three months later, it was the best-placed E-type at the Tourist Trophy at Goodwood, as well as fifth in the GT class. 49 FXN's successes go on, and you'll see them all in full across nearly 300 period images, many previously unpublished, and plenty of full color studio photography.

Derek Bell 's name became inextricably linked with that of Porsche during his long and hugely successful career as a racing driver. In this new 276-page book, Bell collaborates with renowned motorsport author Richard Heseltine to give the reader a very personal insight into his experiences racing for the legendary German marque. The approach taken by this latest publication from Porter Press International is to look at every race Bell drove for Porsche, in detail and with revealing comments from the book 's subject. Light is cast on Bell 's most prestigious victories with Porsche - four of his five in the Le Mans 24 Hours, three in the Daytona 24 Hours, two in the World Sportscar Championship - and many more besides. Bell describes the Porsches he raced, from the fearsome 917 to the iconic 956, 962, and 911. And he shares his thoughts on the now-legendary drivers he raced with, including six-time Le Mans winner Jacky Ickx, the famously flamboyant Hans Stuck, and two immense talents who lost their lives to the sport, Jo Siffert and Stefan Bellof. The overall effect is a fascinating trip back in time to a golden era for Porsche and sports car racing as a whole.
