Owner's Instruction Manual Veloce Publishing Ltd
This comprehensive pictorial overview of Rover cars and car-derived vans covers the 60 years from 1945 to 2005. It describes and illustrates all of the great classic Rovers up to and including the SD1, and goes on to look at the models inherited from British Leyland that attracted Rover badges. It finishes with the models designed in conjunction with Honda; the later British-designed cars – and even the final City Rover. There is also consideration of some Rover models that were designed but, for various reasons, did not enter production, and can now only be seen as prototypes in museums. A title in Veloce 's popular Pictorial History series, this book describes all of the postwar models with illustrations and technical data for each.

Rover "60", "75" and "90" Saloons From the moment of its launch in 1998, the Rover 75 caught the public's imagination. Here, at last, was a car that felt like traditional Rovers and had been designed in Britain. Rover 75 and MG ZT charts the evolution of the models from the early 1990s onwards including full production histories and comprehensive specification details. Contents include: the development and production of the Rover 75 under BMW in the 1990s; becoming the MG Rover Group - from BMW to Phoenix Venture Holdings; expanding the Rover 75 with Longbridge Rover Saloons and Tourers; the

MG models of the new millennium - the ZT and ZT-T; monogram 75, the five-millionth Rover; a facelift for the cars with the new V8 engines; moving production to China and the end of the MG Rover Group. Illustrated with 267 colour photographs, this is essential reading for motoring enthusiasts and fans of the Rover brand.
