These high quality remanufactured manual steering gears have all new bearings, bushing and seals

installed. We can provide both Hollander and Saginaw steering boxes. At the time of the order please supply all numbers including casting numbers off your existing steering gear box. These units have a 12 month warranty.

The most common manual steering box designs are the "rack and pinion" and "worm gear" varieties. Both of them use gears to transfer the rotation of the steering wheel into motion for the two front wheels as you steer left and right. Rack and pinion systems are the simpler of the two designs and have been used in automobiles since its invention.
