This study gives a comprehensive overview of the development of the Internet in North Korea, and discusses related applications, challenges and opportunities. It argues that North Korea can no longer ignore the Internet, neither as a chance to further its intentions, e.g., in cyber warfare, national self-representation and business, nor as a threat due to the greater availability of knowledge in the country. This McFarland E-Single originally appeared in the Spring 2014 issue of North Korean Review (ISSN 1551-2789). The first academic journal in North America or Europe to focus exclusively on North Korea, NKR is published twice each year. Subscriptions and back issues are available directly from McFarland.

Make the right decisions with Horngren/Sundem/Stratton! Horngren/Sundem/Stratton's best-selling texts emphasize decision-making throughout each chapter. Decision-making is introduced in the early text chapters and also appears in many of the text features: "Making Managerial Decisions" boxes, critical thinking exercises, and more. As always, students develop a solid understanding of costs and cost behavior and the use of cost information for planning and control decisions, not just inventory valuation. Two text versions enable faculty to select a text that only covers management accounting concepts (Chs. 1-14) or one that includes three chapters of financial accounting review (Chs. 1-17). New OneKey provides the convenience of having all text resources in a single location and available in your choice of course management platform: BlackBoard, WebCT, and CourseCompass. OneKey also includes PH Grade Assist on-line homework with automatic grading and infinite practice for students).
