As a twenty-three-year-old student in mid-1930s, pre-World War II China, John DeFrancis did not set out to make a thousand-mile camel trek across the Gobi Desert, become the prisoner of a Muslim warlord, or travel twelve hundred miles down the bandit-infested Yellow River on an inflated sheepskin raft. But these were just some of the adventures experienced by the author and his traveling companion when they tried to retrace the footsteps of Genghis Khan and ended up dodging the fighting between the Communists nearing the end of their Long March and a coalition of forces under Chiang Kai-shek's Central Government and a cabal of Muslim warlords. Informed by an extensive knowledge of Chinese history and punctuated with keen observation and gentle humor, the narrative is a personal history that can be read both as a tale of high adventure in the wild west of China and as prelude to the present in that tortured land. Westerners can no longer trace the footsteps of Genghis Khan. Many areas of China that challenged the adventuresome were declared off-limits more than a half-century ago - and the Gobi Desert and sensitive border regions are still inaccessible.

Intended for readers seeking insight into the day-to-day life of some of the world's most ancient peoples, Life and Thought in the Ancient Near East presents brief, fascinating explorations of key aspects of the civilizations of Egypt, Mesopotamia, Palestine, Asia Minor, and Iran. With vignettes on agriculture, architecture, crafts and industries, literature, religion, topography, and history, Orlin has created something refreshingly unique: a modern guidebook to an ancient world. The book also reaches out to students of the Ancient Near Eastern World with essays on decipherments, comparative cultural developments between Egypt and Mesopotamia, and language and literature. In addition to general readers, the book will be useful in the classroom as a text supplementing a more conventional introduction to Near Eastern Studies. "Well-written and accessible, Life and Thought in the Ancient Near East deftly connects the past with present experience by drawing out the differences between, for instance, modern churches and ancient temples, and frequently employing biblical references. This simplicity together with connecting contemporary to ancient experience makes the text ideal for freshmen and general readers." ---Marc Cooper, Professor of History, Missouri State University Now Professor Emeritus, Louis L. Orlin taught in the department of Ancient Near Eastern History and Literature at the University of Michigan for more than thirty years. He is the author and editor of several books, including Assyrian Colonies in Cappadocia and Ancient Near Eastern Literature: A Bibliography of One Thousand Items on the Cuneiform Literatures of the Ancient World.

Boss-lady had a unique position in Boss-man's, an old, retired, pimp's, whorehouse. She was the madam in charge of keeping the girls on their toes, or backs, as it were. And to top things off, Boss-man had given her permission to throw weekly parties in which she was allowed to freak with any of the women

she chose. She being a recently released lesbian from prison, took full advantage of Boss's gratuity. Everything was running fine until the elderly Boss-man suffered a fatal heart attack, some saying, because of the pressure he was under to sell the Mob's dope, which they forced on him, and he didn't know how to handle, while fearing the wrath of the organization if he messed up. Immediately after the death of Boss-man, Lady, while grieving his loss, wasn't sure she could fill his shoes. But with the aid of Old Ben, one of Boss's life long friends, and barber shop owner, she pulled herself together and managed to keep the whorehouse open, even getting more girls to join her stable. Once Boss-lady found her feet, she became unsatisfied with only running one place. She was ambitious. She, while using money Boss-man left her, purchased another house and hired another, retired, pimp, to run it. The question is, would her ambition be the catalyst, which would bring her criminal life crashing down on her head?
